MINERS ASSURED OF A SETTLEMENT

President Lewis Predicts That Work Will be Resumed in 30 Days.

SPOKE TO ILLINOIS WORKERS

Union Leaders at Indianapolis Prepare For Conferences and Will Urge an Agreement—Conditions in Coal Districts.

St. Louis, April 1.—"Don't be alarmed over the outcome of this affair; don't be afraid that we will not be able to sign up an agreement. It will all be over within 30 days. Anyhow this is good fishing weather."

This was the advice given by Thomas L. Lewis, president of the United Mine Workers of North America, in addressing 3,000 Illinois mine workers today.

"It isn't work we want," he continued, "we are willing to do our part, but we want a full and complete share of our labors and we will never be satisfied until we get it."

Mr. Lewis expressed confidence in the outcome of the suspension of work and said the miners would win out in all their demands within 30 days in all fields with the possible exception of Illinois and Western Pennsylvania. In these latter fields, he said, conditions were different than in the other fields, and more time might benecessary before negotiations could be concluded.

Several extensive operators already have made offers for a settlement, according to Mr. Lewis, but in each instance he has refused to negotiate or permit them to reopen their mines even though promising to pay the new wage scale from April 1st.

"This question must be settled as a general proposition and not through individual operators," he said.

Mr. Lewis spoke tonight at a miners celebration at Marissa, Ill., and later departed for Indianapolis, where he will spend Saturday. Sunday he intends to go to the Pennsylvania fields.

Prepares for Conferences.

Indianapolis, April 1.—Notwithstanding that today was a stated holiday of the United Mine Workers of North America in celebration of the institution of the eight hour work day union leaders and operators' associations in the bituminous coal fields were busy with preparations for conferences, in which, it is hoped, settlement on new wage contracts will be reached speedily and bring resumption of activity in the mines.

Negotiations in the Southwest, in Illinois, and in western Pennsylvania probably will be prolonged for not only do some of the operators maintain that they cannot afford to pay the wage increase of five cents a ton demanded by the miners, but certain knotty problems of mine operation are in controversy.

In Iowa, Western Kentucky, Indiana, Ohio and Central Pennsylvania miners and operators seemed in a fair way tonight to come to an agreement, meeting the miners' stipulation for higher wages. In many fields temporary arrangements for continuing work in the mines were formulated. Pending the signing of permanent two year contracts, however, between 250,000 and 300,000 miners will be idle for an indefinite period.

WAGE WAR ON "NI-BEER."

Purpose of Southern Anti-Saloon League—Ministers Criticised.

Atlanta, Ga., April 1.—War to the bitter end against the "Near beer traffic" in Georgia and the lack of law enforcement in some States formed the topics of a general discussion at this afternoon's session of the Southern Anti-Saloon League. After a tentative plan of action seeking the elimination of the "near beer" saloons from this State, has been decided on, Rev. W. M. Pinson, of Mississippi, addressed the league.

Criticism of the ministers for inactivity in the prohibition fight in Southern States, particularly in Florida, Kentucky, Louisiana, Tennessee and North Carolina, was voiced at this morning's session. Reports were received showing that Florida now is the center of the bitterest of all State prohibition fights.

Following the reports, addresses were delivered by Dr. C. L. Collins, Florida; R. L. Davis, North Carolina; and Dr. J. J. Thompson, Florida.

WILL PROSECUTE THE GLASS TRUST

Evidence Secured Alleged Violation of Sherman Anti-Trust Act.

PLANTS OF COMPANY VISITED

Presentment to Special Grand Jury in Pittsburg Next Monday—Imperial Window Glass Company Named.

Pittsburg, Pa., April 1.—United States Attorney Jordan announced tonight that investigation by the Federal Department of Justice into the business of the Imperial Window Glass Company had been completed and evidence purporting to show that the corporation has violated the Sherman anti-trust act is ready for representation to a special grand jury, which had been drawn to meet here next Monday.

Mr. Jordan said tonight: "The investigation of the Imperial Window Glass Company has been underway for the past 90 days and agents of the Department of Justice have visited every one of the 33 plants operated under the charter of the company in 11 different States.

"The company was incorporated in West Virginia early this year and its alleged control of the window glass business is to be probed with intent to show that it is a monopoly in restraint of trade.

"United States Assistant Attorney General Grosvenor, of Washington, is here at present and is preparing the gathered data to place it before the special grand jury convening Monday and which has always been drawn.

"The Imperial Window Glass Company is a holding organization, the manufacturers pooling their output and selling through the company exclusively. Prices have been compared with the American Glass Company and there is but slight difference."

If the government is sustained in its contentions the cases will be prosecuted, said Mr. Jordan, in the May term of the United States District Court.

Pittsburg, April 1.—It was learned tonight that after three months' investigation, Federal officers are ready to present to a special grand jury here next Monday evidence proposing to show that the Imperial Window Glass Company is a trust in violation of the Sherman Act.

The corporation formed under the laws of West Virginia is said to control 33 large manufactories of window glass in 11 different States.

The company named has factories and offices in Illinois, Indiana, Kansas, Massachusetts, Michigan, North Carolina, New York, Ohio, Pennsylvania and West Virginia.

Many prominent glass manufacturers from these States are said to have been served with subpoenas to appear before the grand jury as witnesses.

United States District Attorney J. H. Jordan has conducted the investigation, and his contention before the grand jury will be that the Imperial Window Glass Company nas violated the anti-trust laws by maintaining a monopoly of the window glass business in restraint of trade. A corps of investigators from the Department of Justice at Washington has been assisting Mr. Jordan and it is said that a mass of evidence has been prepared.

RALEIGH WINS GAME.

Spirited Contest Between Capital and Wilmington High Schools Yesterday

(Special Star Telegram.)

Raleigh, N. C., April 1.—Seven to two in favor of Raleigh was the score between the Raleigh and Wilmington High School ball game here this afternoon. It was a spirited game in which neither side scored until the sixth when Wilmington slipped in one run. Then Raleigh went to the bat and had five runs to their credit before the side was retired. Wilmington had a good show in the ninth to score when two men were on bases and only one man out, but Crowder got on his metal in the box and held the visitors down without a score. Davis, Smith and Blue did notably good work for Wilmington. The pitching of Crowder for Raleigh was the star feature. The score:

Wilmington ....000 001 010—2 4 4
Raleigh .....000 005 02x—7 7 6

Batteries—Blue, Smith and Lord; Crowder and Koonce.

Summary—Struck out, Crowder 7, Smith 8, Blue 3; bases on balls, off Crowder 1, Smith 1; two-base hits, Belvin 2; time of game 1:45; umpire, Riddick.

POWELL CASE REMOVED

Halifax, N. C., April 1.—The trial of E. E. Powell, came to an abrupt termination this afternoon, when the two special venires were exhausted and only ten jurors were secured. In view of this and other conditions, Judge Ward made an order removing the case to Warren county.

Private Yachts Bringing Titled Guests to Gould-Drexel Wedding

New York, April 1.—Three private yachts are on their way to New York, carrying guests from various parts of Europe for the Gould-Drexel wedding, which will be held April 19. Princess de Sagan, Miss Marjorie's aunt, will be among the guests. New York has had some famous weddings, but the plans for the uniting of two of the wealthiest families in the country by marriage promises to eclipse all other events in a social way. George Gould, the father of the bride, has sent his private yacht to Europe, as has Anthony J. Drexel, while Howard Gould, uncle of Miss Gould, has turned over his famous steam yacht, the Niagara, for the use of the titled guests of London, Paris, Berlin, St. Petersburg and Madrid. It has been estimated that it will cost $150,000 alone to bring the guests from Europe to the wedding, and this will only be an item in the lavish plans being made for the wedding.

THE WASHINGTON TRAGEDY

Troops on Guard at Beaufort Jail—Pilot Mountain Bank—Girl From Rector Suits—Other Raleigh News.

(Special Star Correspondence.)

Raleigh, N. C., April 1.—In compliance with orders from Gov. Kitchin and Adjutant General J. F. Armfield, Company G. Second Infantry, Washington, N. C., is on duty in that city guarding the Beaufort county jail to prevent mob voilence against Carl Kelly, the young white man, who last night shot to death Samuel Tayloe, a prominent young man of that city.

The request for military aid came late last night from Sheriff Ricks and the order was promptly made. News from Washington today is that the danger of attempts to lynch the prisoner is passing very satisfactorily. Kelly is about 20 years old and has a bad reputation, his record including a term on the chain gang and punishment in a number of petit court cases. Mr. Tayloe is a son of the late Dr. David Tayloe, and was very prominently connected.

Corporation Commissioner S. L. Rogers made application today to Judge E. B. Jones for the appointment of a receiver for the Pilot Bank and Trust Co., Pilot Mountain, which the Commission has ordered closed and directed State Bank Examiner J. K. Doughton to hold until the receiver can take charge. The order of the Commission closing the bank was due to a large amount of inferior and uncollectable paper on which funds of the bank have been loaned. It is the opinion of the Commission that the bank depositors will get their deposits in full and that the loss will fall solely on the stockholders. The last report of the bank January 31st showed $25,700 capital, $4,200 surplus, $560 profits undivided, bills payable $12,000, deposits $22,984 and total resources $66,444. G. O. Key is president and W. J. Swanson cashier.

The Girl from Rector's bobs up in Raleigh court circles again. This time in the filing of the complaints by W. H. Brewer, J. Sherwood Upchurch and Elbert Andrews in the suits instituted for ejection from the Academy of Music when the police seized the Academy to prevent the presentation of this noted theatrical aggregation some weeks ago. Manager Upchurch and Assistant Manager Brewer, of the Academy, demand $25,000 damages and Andrews, who is a colored helper in the theatre, asks for $10,000. The

PITTSBURG PEOPLE AROUSED

Mass Meeting Last Night in Behalf of Civic Righteousness—Men and Women Engage in Demonstration—Mayor.

Pittsburg, April 1.—The indignation of 4,000 citizens and of many women who wish to be over the political corruption now being unearthed by the grand jury and by councilmanic confessions, and denunciation of civic vice generally, was vehemently expressed tonight at a mass meeting in exposition hall.

Mayor William A. Magee, who sought to address the meeting, was hooted off the stage. The resentment shown was at the chief executive's alleged failure to work promised reforms in the red light district, delayed action of traction problems and other local matters.

The meeing was addressed by several prominent local reformers but no definite action was taken. The meeting suddenly veered from its discussion of the councilmanic cases

A SPLIT ON RAILROAD BILL

Minority Reports Show Disagreement on the Measure—Attack Made on Commerce Court Provision—Widely Diverging Views.

Washington, April 1.—Widely diverging views on regulative control of common carriers, including a split minority presentation, are expressed in reports which accompanied the submission of the administration railroad bill to the House by the Interstate Commerce Commission today.

That measure, drafted by Attorney General Wickersnam at the instance of President Taft, introduced by Representative Townsend, of Michigan, and transformed by radical changes in House committee into a substitute measure, already is being debated in the Senate and in the House probably will follow the naval appropriation bill.

Chairman Mann, who will act as sponsor for the bill, though opposed to the commerce court and others of its provisions, will seek to fix a date on Monday.

The majority report stamps the proposed legislation as even more important than any preceding acts for the control of inter-State and foreign railroads, imposing no undue burdens nor interference with railway management and conferring large benefits upon the shippers and public at large.

The minority report, striking at the commerce court, declares "no untried, experimental legislation of a doubtful constitutional character should be entered upon by Congress at this time, when neither consumers, shippers nor railroads ask for such legislation."

The minority members while earnest advocates of Federal regulation of supervision of inter State railroads attack the bill as paternalistic.

The minority also arraigned the bill as having been dictated and manipulated at the instance of the President and drafted by his Attorney General. "The preparation and manipulation" of the measure, say the minority, "is a mortifying and discouraging commentary upon the people's representatives, and they claim that the bill so dictated by the administration transfers the vital work of the Interstate Commerce Commission to the Department of Justice."

Still another set of views is presented by Messrs. Sims, of Tennessee, and Russell, of Texas, Democrats is members of the committee, who refuse to sign the minority report, though in favor of some of its features.

Mr. Richardson, of Alabama, who signed the minority report, believes the bill leads to government ownership of railroads and will offer an amendment prescribing physical valuation, instead of fluctuating value of capital stock as a basis for ascertaining a fair and reasonable rate.

THE WASHINGTON TRAGEDY.

Raleigh, N. C., April 1.—Acting on orders from Governor Kitchin a company of National Guard is on duty to prevent the lynching of Carl Kelly, the young white man who last night killed Samuel Tayloe, at Washington. Kelly will be brought to the State penitentiary for safe keeping.

A BITTER CLASH MARKED INQUIRY

Feeling of Partisanship With Members of the Forestry Committee.

TWO APPEAR FOR BALLINGER

Chairman Nelson and Attorney Brandeis Have Disagreement—Democratic Members ... mark be Withdrawn.

Washington, April 1.—The most serious clash that has yet occurred among the members of the Ballinger-Pinchot investigating committee, marked the forenoon sitting today. The quarrel which continued for an hour or more, was added evidence of the growing feeling of partisanship among the Democratic and Republican members of the committee and was taken by many to mean the hopelessness of a unanimous agreement of any sort.

The row was precipitated by Chairman Nelson accusing Attorney Brandeis, representing the "prosecution", of attempting to deceive or conceal something from the committee. The attorney flushed with anger, jumped to his feet and demanded that the chairman's remark be withdrawn.

Democratic members of the committee were quick to take up the defense of the attorney, and representative Graham, of Illinois, moved that the chairman be directed to withdraw the imputation. There followed a general discussion in which every member of the committee present took part and stated his personal views. A number of Republicans said they did not agree with Senator Nelson that Mr. Brandeis was attempting concealment of any sort, but they would not vote to compel the chairman to withdraw.

It was argued by Representative Madison, the Insurgent member, that the chairman reflected only his personal view and in no wise committed any other member. Representative James argued that the matter Mr. Brandies was accused of concealing was on record before the committee adn consequently there could be no deception if the committee members paid attention.

The matter finally was disposed of by a motion from Representative Olmsted to lay on the table. This was carried by a vote of 6 to 3.

Witnesses for Ballinger.

Two witnesses were offered today on behalf of Mr. Ballinger. They were District Attorney Elmer E. Todd, of Seattle, and United States Marshal H. K. Love, of Alaska. Mr. Love was formerly a special agent of the land office. Both of the witnesses declared that statements made by Special Agent H. T. Jones, "for the prosecution" were false.

The direct examinations occupied but a few minutes, the cross examinations by Mr. Brandeis taking up the remainder of the sessions. Mr. Todd and Mr. Love were prepared for the onslaught of the Glavis attorney and their answers were sometimes as sharp as the thrusts of the lawyer.

There has been testimony before the committee from time to time indicating that Mr. Love, as special agent, was "warped in his judgment" by the fact that he was a candidate for the marshalship in the third division of Alaska. He was asked what influence he actually was depending upon to get the place.

"Well," he began, "I happened to be a trooper in Col. Roosevelt's regiment—"

"You need go no further," interrupted Senator Flint amid laughter.

Y. M. C. A. NOTES.

Meeting This Morning of the Boys' Department.

The Y. M. C. A. Boys' Bible class will meet this morning at 9:30 o'clock for study, conducted by General Secretary Edwin Kettle. All the boys of the department are urged to be present. The study will be followed by a class in the gymnasium at 10 o'clock. The membership committee will meet Monday night at 8 o'clock in regular session. The Bible Study Club will meet Monday night at 7:10 o'clock for supper and at 7:30 for study. The plunge bath is being put in first-class condition and will be ready for service Monday night.

GREAT MEETING DRAWS TO CLOSE

Last of Week-Day Services at Compress Held Last Night.

"EXCUSES" WAS THE THEME

Evangelist Declares They Are Substitutes for Reasons—Subject Presented in Eloquent Manner. Auditorium Taxed.

The last week-day service of the present evangelistic meeting was held in the Champion Compress building last night. Every seat in the spacious auditorium was taken. Dr. Torrey used as the theme of his last week-day sermon, "Excuses", which he presented in a most logical and eloquent manner. There were many in the building moved by that sermon who, apparently, had not been reached by any of the other strong sermons during the series.

There will be no services today and the concluding services of the revival will be held tomorrow. In the afternoon at 3 o'clock Rev. W. S. Jacoby will preach to men only on "How God Saved a Sporting Man," telling the story of his own life. Tomorrow evening at 7:30 o'clock the last service will be held. At this time Dr. Torrey will preach on "Today and Tomorrow." Anticipating a crowd that will more than fill the main auditorium Dr. Torrey announced last night that there will be another meeting in the personal work room, just back of the main part of the building, conducted by Rev. W. S. Jacoby and "Dr." Young, the famous tenor singer. Dr. Torrey was pleased to announce that the Bible study class which has been meeting at the Y. M. C. A. daily for two or three weeks, led by Rev. Jacoby, would continue to meet every Tuesday from 1:05 to 1:30 P. M. Rev. Dr. J. H. Foster, pastor of the First Baptist church, will be the teacher. Dr. Torrey said that he was sorry to leave Wilmington so soon. "I do not say that at all the places I go," said Dr. Torrey, 'For I am truly glad when I leave some places. I am sure that all the members of the party feel the same way." Mr. Chas. Butler, the choir director, concurred with Dr. Torrey with a hearty Amen. The opening prayer last night was offered by Rev. K. D. Holmes, pastor of Fifth Street Methodist church. Dr. McClure made announcements with reference to the collections, after which he offered prayer. While the collection for necessary expenses was being taken there was a selection by the choir, with "Dr." Young, as he was dubbed by Dr. Torrey, as leader by special request, following which Mr. Young sang, "Eternity." Dr. Torrey read several requests for prayer, just before asking divine blessing upon the evening's meeting. He then read a request that he explain in a practical and simple way just what is meant by an absolute surrender. This request came from a number anxious to know. "You simply have to give yourself up to God in everything," said Dr. Torrey. "Give up your will and obey God under any and all circumstances. In other words, surrender your will to God's will, go where He tells you to go, be what He wants you to be, and do what He wants you to do. Ask Him every day to show you His will and then do it. Do you understand children?" speaking to several children who occupied front seats. A score or more hands went up. "Well, if you understand, most anybody ought to."

"You will find my text tonight," said Dr. Torrey, "in Luke the 14th chapter and the 18th verse: 'And they all with one consent began to make excuses'." Dr. Torrey then spoke in part as follows:

"In these words our Lord Jesus Christ sets forth the manner in which God's invitation of love and grace and mercy would be received, and that is precisely the way in which God's invitation of mercy is being received by the people of Wilmington tonight. When you come to men and extend to them God's wonderful invitation of grace to His royal banquet, one and all, instead of accepting it with glad alacrity, begin to make excuses for not coming. In the parable from which the text is taken our Lord Jesus Christ represents that the Gospel invitation is an invitation to a banquet. So it is. Never was there such a glorious banquet spread on earth as this which God spreads for you and me in the Gospel of His Son, Jesus Christ. God's table is just groaning with good things. Now, when men are invited to a royal banquet they begin to cast about for some way to get to it. But when the great King of Kings spreads His table and invites His guests, so great is the blindness and madness of the human heart that men try to find some excuse for not going. If King Edward should give a great banquet in London and send out invitations to his guests, every person who was honored by an invitation would move Heaven and earth to get to that banquet, because they were so honoured that the king had sent them an invitation. But when the great King, the Lord God Almighty, sends out His invitation by His Gospel messenger to His royal banquet, in the desperate wickedness of the human heart, and in your stubborn rebellion against the Lord who

loves you and gave His Son to die for you, instead of trying to come to the banquet, you try to find some excuse for not coming. Our Lord Jesus Christ, in the parable, gives us three illustrative excuses, and each one of these excuses is perfectly absurd; and that is the point of it. Our Lord Jesus wants us to see how utterly irrational and absurd are all the excuses that men make for not coming to Christ.

"The first excuse was this: 'I have bought a piece of ground, and I must needs go and see it. How utterly absurd! It sounds rational at the first hearing, and looks rational at the first glance, but when you look at it, how absurd it is. If the man had already bought the ground, where was the need of hurrying in going to see it? He could have waited until the banquet was over. Furthermore, who ever heard of going out at supper-time, after dark, to see land. He was just making up an excuse, and his excuse, like most of yours, was a lie. If the man had been a real sensible business man he would have gone and seen the ground before he bought it. The idea of a man buying a piece of ground and then going to see it! I know a man who did that once. It was up in Minnesota. The man bought some real estate in that city ,and instead of going to see it first, or sending some one to see it, he had bought it, and months after he thought he would go and see it. He went up there and found his land was at the bottom of Lake Harriet. Very good soil, but too wet!

"The second excuse was equally absurd. The man said: 'I have bought five yoke of oxen and I go to prove them.' How absurd! There is no hurry; the oxen were already purchased; he might go to the banquet first and try the oxen afterwards, and if he had been a real sensible business man he would have tried the oxen first, and bought them afterwards. Anyway, day-time is far better than night-time to try oxen.

"The third man's excuse was the most absurd of all. He said, 'I have married a wife ,and therefore I cannot come.' I would like to know why not? If it had been a funeral there would have been some sense in his excuse, but it was a feast. Who ever saw a bride that was not willing to go to a feast? Why did he not bring her with him? There was plenty of room at the feast.

"You laugh at those excuses, but I want to ask if there is anyone here tonight with a better excuse? I am going to take up the excuses men bring forward today for not coming to Christ, and show you the utter absurdity and unreasonableness of every one of them.

"The first excuse is this: there is too much to give up. That is absolutely unreasonable. You say, 'Do you mean to say there is nothing to give up if one comes to Christ?' No, I say nothing of the kind. I never knew any one to come to Christ yet that did not have to give up something. The drunkard has to give up his drunkenness, the gambler his gambling; people who are following the frivolities of the world have to give them up. I am not saying there is nothing to give up, but still that excuse is absurd. You say, 'Why?' For three reasons. In the first place, the only things God asks you to give up are the things that are doing you harm. We read in Psalm lxxxiv. 11: 'The Lord God is a Sun and Shield: the Lord will give grace and glory: no good thing will He withhold from them that walk uprightly.' God has given to each one of us a guarantee that He will never ask us to give up anything that is for our good, and that guarantee is His own Son. As we read in Romans viii. 32: 'He that spared not His own Son, but delivered Him up for us all, how shall He not with Him also freely give us all things?' I do not think if God hos given His Son to die for, He is going to ask us to give up anything that is good for us.

"The second reason why the excuse is absurd is this: what you give up is nothing to what you get. It is very easy to give up tin when you get gold, and it is very easy to give up sin when you get God. It is very easy to give up painted glass when you get diamonds and rubies and emeralds and pearls instead. And it is very easy to give up the baubles of the world when you get the real jewels of Heaven in exchange. I do not think that anybody ever gave up more for Christ than did Paul, and yet, when he was sore tried and in prison, writing about what he gave up, he said, 'What things were gain to me those I counted loss for Christ. Yea, doubtless, and I count all things but loss for the excellency of the knowledge of Christ Jesus my Lord, for whom I have suffered the loss of all things, and do count them but dung, that I may win Christ.' He said, 'What I gave up is nothing to what I gained.' You cannot find a Christian on the face of the earth that will not tell you that what he gave up for Christ was nothing to what he got. Suppose there was some young woman in this town with a pretty face; a bright girl, but without very good sense after all, with a good deal of vanity, and being poor and unable therefore to buy real jewelry, she bought imitation. She had a brass ring, which she thought people would think was gold, but no one ever thought so. Then she had another ring, with two bits of green glass and and a bit of white glass in the middle, and thought people believed it was a diamond and emeralds, but they did not. Then she had a string of white beads round her neck, and thought people believed they were real pearls, but no one ever dreamed of such a thing. After a while a fine, intelligent, bright, sensible young fellow falls in love with her. You say that no sensible fellow would fall in love with a girl like that. But you cannot tell that a man will do when he falls in love. One night, after they have become well acquainted, he says to her, 'Mary, I wish you would throw away that brass ring, and that ring with the bits of glass in it, and that white bead necklace, and those pieces of brass and glass in your ears. To tell you the truth, I am ashamed of them when I go out with you, and I wish you would throw them away.' She says, 'Oh, John, I think ever so much of you, and would do a good many things for you, but I cannot do that. They are the best I have, and I really think people believe they are genuine.' 'No, no, Mary, they do not; they make you a laughing stock, and I wish you would throw them away.' But she says, 'Well, John, I love you, but I really cannot do it.' A few nights after John comes again. He has a big Russian leather box; he presses a spring, the cover falls back, and inside it is lined with the very best of satin, and there is a real gold ring with two beautiful emeralds, and a beautiful diamond, there is a necklace of real pearls, and there is also a pair of real diamond earrings. 'Look there, Mary;' and, oh, how her eyes sparkle! 'Why, John, are they not beautiful! Who are they for?' 'Well, Mary, they are for you if you will throw away that brass and glass of yours.' How long do you think it would take Mary to throw away her imitation jewels? Oh, men and women, cast all the baubles of this world's pleasures into the fire, and receive the gold and emeralds and rubies and diamonds and pearls of Heaven.

"In the third place, the excuse is absurd, because what we give up for Christ is nothing to what Jesus Christ gave up for us. Oh, friends, when we stop to think what Jesus Christ gave up for us, how He left Heaven and its glories and came down to earth and its shame, how He left the songs of praise of angels, and the archangel and cherubim, and seraphim, and came down here to be despised and rejected of men, to be spat upon and buffeted, to wear a crown of thorns, and to bear the nails in His hands and feet for you and me, how ungrateful, how unreasonable, how base, how black it is for you and me to talk about what we give up for Jesus Christ when we think of what He gave up for us.

"Another man says, 'I have an excuse and a good one. There are so many hypocrites in the church.' What shall I say to that excuse? I say without hesitation that that is the most absurd excuse a man can make. 'What,' you say, 'are there no hypocrites in the church?' Of course, there are. The Bible tells us that there will be hypocrites in the church. Of course there are hypocrites in the church, but I would like to know how that is an excuse for your trampling under foot the Son of God. The fact that another man is a hypocrite is no reason why you should trample under foot the Son of God, God's own Son, Jesus Christ. There are so many people that pretend to be loyal to Jesus who are not, that it excuses you from even professing to be loyal. Bah!

"Then again, if there are hypocrites in the church, and I have no doubt of it, there are a great many good people in the church. Of course I use the term church not meaning any one denomination, but the whole body of believers in Jesus Christ. There are a great many good people in the church; in fact, all the best people are there. But if there were a church or chapel consisting of a hundred members, and ninety-nine were good, straight, upright, downright, Christian men and women, and there was one poor, miserable hypocrite, you would overlook the ninety-nine good straight members, and fix all your attention on the one poor, miserable hypocrite. Yes, you would! And do you know why that is? It is because you are a hypocrite yourself. You are a hypocrite outside the church, and therefore you are looking for hypocrites inside the church to hide behind. Did it ever occur to you that you cannot hide behind a thing which is smaller than yourself? You must be a mighty small man or woman to be able to hide behind such a mean hypocrite as that. God will have you out of that hiding-place. Do you know what He says about these men who are always talking about hypocrites in the church? Turn to Romans xiv. 12: 'So then, every one of us shall give account of himself to God.' You won't have to answer for the hypocrite, but you will have to answer for yourself.

"One more word before I leave this matter. All the hypocrites are going to hell. The Bible says so, and if you keep on rejecting Christ you are going there, too. Now I will ask you a question: Which is better, to spend a few years with the hypocrites in the church here on earth (and with all the good people at the same time), or spend eternity with the hypocrites in hell, with all the bad people? 'Well,' you say, 'that excuse is absurd, and I will never make it again.' I hope you never will. You will not if you have any common sense.

"But another man says, 'I have a good excuse. I am a pretty good sort of a man; I do not profess to be perfect, but I think the good in my life will more than balance the evil in my life, and I think God will accept me on the ground of the good I have done and the character I have maintained.' What shall I say to that man? I say this to every man and woman in this building tonight who is out of Christ, 'You are a very wicked man; you are a very sinful woman.' I know you will say, 'I am not at all.' Yes, you are ;and I will prove it to you. I will prove to you that you are so sinful that you have broken the very first and greatest of God's commandments. You may differ from some of your fellow-men and women on the minor moralities, thank God you do. Some men swear, and you do not; some men lie, and you do not; some get drunk, and you do not; some commit adultery, and you do not. On these minor moralities you differ from some of your fellow-men and women, and are better than they. But, on the great question of the treatment of the infinite God, before which all the minor moralities of our treatment of men sink into utter insignificance, you are all on the same plane, you have broken the first and greatest of God's commandments. Turn to Matthew xxii. 37 and 38: 'And Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment.' Have you kept it? Have you loved God with all your heart and soul and mind? Have you put God first in everything, God first in business, God first in pleasure, God first in politics, God first in social life, God first in study, God first everywhere. Have you done this? You say, 'No, I have not.' Then you stand convicted before God of having broken the first and greatest of God's commandments, of having committed the very worst sin that a man or woman can commit. Every man and woman out of Christ has broken the first and greatest of God's commandments, and there is no hope for you outside the atoning blood of Jesus Christ, shed on the Cross of Calvary. When I was in Sydney, I said that at a meeting, and the next day I received a note from a lady who said, 'I wish you would pray for me. I have been trusting in my morality, but you showed me last night that I was a very wicked woman.' Oh, may God grant that some of you here tonight, that have been trusting in your goodness, may see that in God's sight you are very wicked men, very sinful women, for you have broken the first and greatest of God's laws.'

Dr. Torrey said that a great many others give as their excuse that there is so much in the Bible they cannot understand. "That looks reasonable, but it is absurd. Are you living up to what you do understand? When you live up to what you do understand, then it is time to think of what you do not understand. There were lots of things in the Bible I did not understand until I accepted Christ. The first thing to do is to accept Christ. Other things will settle themselves."

In conclusion Dr. Torrey said that nearly everybody expected to accept Christ some day. The trouble is they want to delay. He said that most of the men and women of Wilmington who have gone down to Christless graves did so because they wanted to delay. "How long do you want to delay?" asked Dr. Torrey. "Be specific and state just how long you want to wait." He told of a woman who was asked to come to Christ and she said she would wait until later. The minister asked her to say how long. "Do you want to wait a year and not have another chance in that time no matter what happens?" the minister asked. "No," she said, "I do not know whether I will be living one year from now." The minister then fixed six months. That was not satisfactory. He fixed one month, then two weeks, then one week and lastly one day. The woman would not agree to state definitely that she would wait 24 hours, so decided to accept Christ then and there. He told of a prominent society woman who made up her mind to accept Christ one week from a certain night. The next night she went to a dance, caught cold which settled on one of her lungs, causing pneumonia. She was delirious. On the night fixed by her as the one on which she would accept Christ she raised up and said, "Just one week too late," and lay back on the bed, dead. "Let us pray," said Dr. Torrey.

After prayer, Dr. Torrey gave out an invitation to the unsaved. Some 12 or 15 arose in different parts of the building. Dr. Torrey asked those on the platform, including members of the choir and ministers, who had accepted Christ at any time to stand. Several members of the choir did not stand. He then asked if those who did not stand would accept Christ then and there. One lady said she desired to make a confession of Christ and did so. "Thank God," said Dr. Torrey. Following a solo, "He Lifted Me," by Mr. Butler, the invitation to the unsaved was repeated. While the choir and ministers sang softly a familiar hymn some 10 or 15 others stood in response to the invitation. The Christian men and women went to work in the building as they have not been seen to work before since the meeting began. Those who had stood were asked to take seats in front and any others who would accept Christ were asked to come forward and take one of the front seats. There were several in addition to those who stood. During the after meeting that followed there were a large number of professions of faith in Christ. It was altogether one of the best meetings of the series.

Afternoon Service.

The last of the afternoon week-day services was held yesterday afternoon with a large congregation. It was one of the most profitable and helpful afternoon meetings yet held. It was educational in nature, Dr. Torrey telling in his clear and impressive manner, "How to Study the Bible."

Reports were received from the prayer meetings yesterday morning and it was said that all were largely attended and that there was a great outpouring of the Holy Ghost. Rev. W. S. Jacoby told of a meeting held in the county jail. The primary purpose of the meeting was to talk and pray with Joseph Stephens, who was recently convicted of the murder of Ernest R. Shields. Mr. Jacoby said that he wanted to know particularly if the condemned man had accepted Jesus Christ as his Saviour and that he was convinced of this after talking with him for some time. Mr. Jacoby asked the prayers of the Christian people for Stephens and wife and little children. Dr. Torrey said that some were wondering what they are going to do since they have decided to give up card playing. He suggested that they get up prayer meetings which, he said, would be more enjoyable and result in a great deal more good. He then made announcements of the remaining services of the meeting and urged a large attendance at the men's meeting Sunday afternoon. Sunday night he will preach on the subject, "Today and Tomorrow." After a trio, 'Shadows", by Messrs. Butler and Young and Miss Anderson, prayer was offered by Dr. Torrey, who then commenced his discourse on "How to Study the Bible." He said that the Bible was a gold mine, but not everyone knows how to get the gold out of the mine. Many people go to conventions and declare that they wish they could hear every day something like the talks heard there. He said that everything good heard at the conventions are taken from the Bible and that one could hear it every day. Dr. Torrey said in the beginning that it was not necessary to have many books to study the Bible, but that a few he would mention would be of great help. They were the Schofield Reference Bible, which he said was the most important of the books issued in 1909; The Treasures of Scripture Knowledge, a book of reference, and The Topical Text Book.

"I will give you eleven words this afternoon and I want you to take them down. They are commonplace words, but the commonplace words are the most important. The first is Daily. Study your Bible daily. Study a few minutes every day. If you study your Bible a few minutes every day you will know more about it at the end of a year than if you had studied hours on Sunday. It is of the highest importance that you read the Bible regularly every day. Have a regular time for study and let nothing interfere with you. Give at least 15 minutes a day, more if possible, to the study of the Word. The best time to study your Bible is when you first get up in the morning. Your mind is clearest and you are not likely to be interrupted. The worst time is just before retiring at night, when you are so sleepy that you can hardly hold up your head. You have to put something in the book to tell where you left off. The next worse time is just after eating a hearty meal. Your blood ought to be in your stomach then.

"Now, the second word, Systematic. Study your Bible systematically. No business is conducted successfully without system and system even counts in housework. But there is no place where it counts as it does in the study of the Bible.

"Third, Comprehensively. Study the whole Bible. Some people study a great deal, but study the same parts all the time. If you are to be a well read Christian worker you must study the whole Bible. I know some people that study only the subject of Divine Healing and others the second coming of Christ. But there are some other things in the Bible. If you don't study the whole Bible you get to be a crank. Some say they like to be a crank because it is something that turns things. But it turns at the same place all the time.

"Fourth, Consecutively. I mean begin at the beginning and read through the Bible. Read all the chapters. It is the best way to study. The books have been Providentially arranged by God in the regular order and they should be studied that way. Some people will not find it interesting to read the Bible that way. I will give you five questions to ask yourself about each chapter and you will find it not only interesting but very profitable. First, ask, 'What is the principal subject of this chapter? Second, Who are the principal persons? Third, What is the principal lesson of the chapter? Fourth, What is the best verse in the chapter? Fifth, What does this chapter teach about Jesus Christ? Another way is to take the Schofield Bible and use it in reading. If you read the Bible from beginning to end with a Schofield Bible you will know more than you ever did know before, unless you are an exceptional student.

"The fifth word, Comparatively. When you come to a difficult passage you can explain it by some other verse. Here is where the Treasurer book comes in. It is all references. The references in the Bibles are not worth the ink it takes to print them.

"The sixth word, Topically. I mean, study your Bible by subjects. For example, if you want to know about the Holy Spirit go through your Bible and read on this subject. Take the Topical text book. You will find all the subjects sub-divided.

"The seventh word, Attentively. This is another commonplace word, but it is one of the most important things in the study of the Bible. The reason some people don't get more out of the study of the Bible is because they read with their eyes shut. When you get through reading you don't know what you have read. Some think it does good to hold the Bible in the hands. You must read attentively if you would get the best out of it. Pay attention to what you read. In this connection I will give you three words, meditate, mark and memorize.

"The eighth word, Repeatedly. This is one of the simplest things and one of the most important. Read through one of the books at one sitting and when you get through read it again and again for five or ten times. Do the same way with chapters. You have never seen the beauty of the Bible because you have not looked long enough.

"Ninth, Believingly. The Bible is the Word of God. Every other book is man's. There are four things you must do. First, believe every promise in the Bible without discounting; second, obey every commandment that applies to you; third, read it as God's message to you; fourth, Study it as if you were in God's presence. I have read every verse in my Bible on my knees. God is talking direct to you in the Bible.

"Tenth, Obediently. Why do you lose taste for the Bible? Because you find something you are told to do and do not want to do it.

"Eleventh, Prayerfully. Every time you open your Bible life your heart to God in prayer and ask him to help you. The whole secret of Bible study may be found in three words: In the Spirit. How can you do it? By asking for the Spirit to come and teach you. The Spirit is a better teacher than any man on earth and you can have him every time you sit down to read your Bible if you want him."

The congregation was dismissed with prayer by Dr. Torrey. Immediately following Mr. Jacoby held his last afternoon Bible study meeting. It was largely attended and much interest was shown. The study was the 87th Psalm on prayer.

Why Is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. 50c.

INSURANCE

AN OPPORTUNITY FOR PARTY OR PARTIES

who have some financial backing and a limited knowledge of Life Insurance to build up a large renewal business for a well-known OLD LINE New England Life Insurance Company on a GENERAL AGENT'S CONTRACT, with power to appoint agents and to develop territory.

To right party or parties will release the entire Eastern or Western section of North Carolina, or both.

An excellent proposition for a Trust Company which handles Life Insurance. As the cost of developing a State Agency is very little more than there would be for a local agency, by becoming General Agents would receive maximum first year's commissions and renewal commissions covering a period of fourteen (14) years.

There is a FINE RENEWAL BUSINESS on the books, which could be greatly increased. Ten active agents at present employed.

PROGRESSIVE BUSINESS MEN.

Rocky Mount Merchants to Have Electric Signs.

(News and Observer.)

Rocky Mount, N. C., March 31.—A rivalry that will no doubt work well for the lighting of the business streets of the city will be just begun on April the first, when the recent signers of the petition will have put in their electric signs. Beginning at Kyser's corner and extending up Main street, all of the merchants and business houses have signified their intentions of installing electric signs and lights and keeping them burning until ten o'clock every night, except Saturday, when they will continue burning until 12 o'clock. It is the desire of these firms to have this street brightly lighted during the early hours of the night and that it be known as the "electric block". They have further entered into an agreement to frequently dress their windows and to make this part of the business district as attractive as possible.

FOREIGN AID FOR GRANT.

Brings California and Ohio Representatives to Aid Him.

(News and Observer.)

Asheville, March 31.—Representative McLauchlan, of California, and Representative Johnson, of Ohio, are expected here tomorrow to aid Congressman Grant in launching his campaign in this district. Grant says that both are "regulars". However, by reference to the Congressional Record, March 19, 1910, page 3487, it is found that Johnson's name occurs between Champ Clark, minority leader, and Norris, insurgent leader, as one who voted to eliminate Speaker Cannon from the Rules Committee. This discovery is causing certain Grant men some uneasiness tonight, fearing that an attempt may be made in convention to embarrass Grant and his distinguished speakers.

PICKED UP NUGGETS ON FARM.

Cabarrus Farmer Deposits Rich Find With Concord Bank.

Concord, March 31.—J. A. Saunders of No. 11 township, one of the county's best farmers, was in the city this afternoon and brought with him a 4-ounce bottleful of beautiful gold nuggest picked up on his farm within the past few months. The metal was pure virgin gold and very little quartz was contained in it. One nugget alone, free from foreign matter, weighed 18 pennyweight. In all he had one and one-fourth pounds of gold. He left his treasure in one of the city banks until he can find time to convey it to the assay office at Charlotte. Mr. Saunders is much elated over these nuggets and says that they were picked up from time to time in the old fields while plowing.

$1,200 REALIZED.

From the Eleven School Farms in Wake Last Year.

(News and Observer.)

Reports from the school farms in Wake county show that there were eleven of the farms in the county last year, averaging two acres in size. Six of these were planted in cotton, making a total yield of 4,503 pounds of lint and 632 bushels of cotton seed. One was planted in tobacco, yielding 1,562 pounds.

The average cash proceeds from these seven farms amounted to $152 Of the remaining three of the farms were planted in corn and one in wheat. The total cash proceeds from all eleven amounted to $1,200.

GOOD ROADS MEETING.

Large Delegation at Hendersonville From the Two Carolinas.

(News and Observer.)

Hendersonville, N. C., March 31.—The Good Roads meeting here yesterday was attended by about 300 people from the two Carolinas.

Mayor Staton delivered an address of welcome to the delegates. The meeting was presided over by Dr. Joseph Hyde Pratt, State Geologist and president of the Southern Appalachian Good Roads Congress. He made an enthusiastic address and was followed by others along the same line. The people are thoroughly enthused on the subject of good roads.

Invite Governor Harmon.

Charlotte Observer: Gov. Judson Harmon, of Ohio, will be invited by the Greater Charlotte Club to visit Charlotte some time the latter part of this month, or at any time that he may select to deliver an address before the business and commercial men of Charlotte and surrounding country on some vital topic of the day. Effort was recently made to secure Gov. Charles E. Hughes of New York, but he was so busy that he could not accept.

GENUINE ECZEMA REMEDY.

New Remedy That Cures Eczema Quickly.

J. Hicks Bunting Co. has sold dozens of jars of Hokara in the last few weeks, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing to them is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief and cure in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time.

You can buy a liberal-sized jar at the very low price of 25c and with every package goes their guarantee to refund the money if it is not satisfactory. Larger size, 50c.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

SPEEDING IN GOLDSBORO.

Prominent Citizens Before Court in Automobile Case.

(Special Star Telegram.

Goldsboro, N. C., April 1.—Wearing a confident smile upon their faces this afternoon Dr. John Spicer and M. Dannenburg, both of this city, entered the police court today to answer to a charge of exceeding the speed limit restriction to driving automobiles. The case has attracted a good deal of attention throughout the city and this afternoon the city hall was crowded with anxiously awaiting spectators, most of whom had gathered long before the case was called for trial. Wednesday night while Mayor Higgins and Officer Hart were in conversation in front of the Messenger Opera House, two automobiles passed which were apparently racing with each other, and as the Mayor judged that the occupants were exceeding the speed limit, he told the officer to go and order them up for trial next morning, which he did, and a dispute arose between the officer and the occupants of the autos, Messrs. Leslie Yelverton, M. Dannenberg and Dr. Jno. Spicer, and after some words, the officer says the three men assaulted him The Mayor was quickly on the scene and the parties were separated. The officer was not hurt much, but the gentlemen in question were required to answer to the charge of an assault. Both sides were represented by counsel who succeeded in effecting a compromise in the assault case, but Dr. Spicer and M. Dannenberg were bound over to the higher court under a bond of $50 each, for exceeding the speed limit.

CAROLINA'S THIRD.

Went Down Before Strong LaFayette Aggregation Again.

(Special Star Telegram.)

Chapel Hill, N. C., April 1.—Carolina met her third defeat of the season today, going down for the second time before the strong LaFayette aggregation to the tune of 1 to 0. The game was featured by the pitching of Demott, of LaFayette, and Stewart, of Carolina. Demott yielded only one hit and while the visitors gathered seven off Stewart, they were well scattered and counted for naught. The only score of the game came in the first inning, when Kelly, first man up for LaFayette, hit a long fly to centerfield, and advanced to third on Hackney's error. After two men were out he scored on a slow grounder to short The score:

LaFayette .....100 000 000—1 7 2
Carolina .....000 000 000—0 1 3

Demott and Conover and Tager; Stewart and Buie.

Summary: Struck out, by Demot 10, by Stewart 7; bases on balls, off Stewart 0, off Demott 0; hit by pitched ball Conover; sacrifice hits, Tillet; stolen bases, Williams, Bivens, Buie (2), Hamilton; time 1:50; umpire, Farmer Moore.

Sixteen Sons in Revolutionary Army.

Person County Courier: Mr. E. R. Moore, of Helena, was in town Monday and in talking of war records says that if they will permit him to go back to Revolutionary times he can beat the Burch family. Mr. John Moore had 16 sons, of whom General Stephen Moore, was the youngest, and they all served in the Revolutionary war. Ned says if anybody doubts this they can see General Moore and get particulars.

CORPORATION TAX DISCUSSED.

Featured the Day in the House—Root Concludes Speech.

Washington, April 1.—The publicity feature of the corporation tax was under discussion during the entire session of the House today. The Senate had provided, in an amendment to the legislative, executive and judicial appropriation bill, for publicity of corporation reports upon approval of the President or upon request of the Senate or House. This provision was amended by the House so that such publicity will be given upon approval of the President alone under regulations to be formulated by the Secretary of the Treasury.

After the bill had been completed Representative Fitzgerald, of New York, attempted to recommit it with instructions for a report forthwith with an amendment repealing the Payne-Aldrich law. By a party vote of 150 to 116, Speaker Cannon's ruling that this motion was out of order was sustained.

Senator Root today concluded his speech in the Senate in support of the administration railroad bill, and the further consideration of that measure was postponed until Monday.

The Senate passed the bill amending the employer's liability law in respect to the jurisdiction of the State courts in railroad damage suits. The liability bill now will go to conference.

FAKE SOLDIER A MURDERER.

Insane Man Kills Negress and Declares Himself Obeying Orders.

Ashland, Pa., April 1.—Declaring himself a soldier and compelled to obey orders, Patrick Perrin, a former inmate of the insane asylum at Staunton, last evening shot Anna Jackson, a negro woman, living on the Ash Cake road, set fire to her clothing, fired the house in several places and built more fires in the yards surrounding the house, set fire to the barn and then made off into the woods. He is now being held awaiting arrival of State authorities to take him to Staunton Asylum.

MADE SPURIOUS COUPONS.

Danville Jury Failed to Agree in Case of Printer Yesterday.

Danville, Va., April 1.—The jury in the case of John Thornton, Jr., a printer of Danville, who has been on trial at Houston for the past several days on the charge of producing spurious cigarette coupons, failed to report an agreement and was today discharged. Thornton was balled in the sum of $2,000 for his appearance at the May term of the Halifax county court.

Lane Noell, who pleaded guilty to a similar charge, was sentenced to two years in the penitentiary.

Philadelphia, April 1.—The Philadelphia National League team won a 9 to 4 victory over the Philadelphia Americans at Shibe Park today in the opening game of the annual inter-league baseball series. The Nationals won by hard hitting. Magee for the Nationals and Murphy for the Americans made home run hits with men on bases.

Roanoke, Va., April 1.—A Pocahontas, Va., Dimitri Sanan, a Russian, charged with attempt at assault on Mollie Magill, aged eight, was given a preliminary hearing and held to the grand jury by Magistrate Dillon.

Daytona, Fla., April 1.—After a cessation of improvement for several days past, Senator Daniel is apparently again gaining strength, according to announcement of his physician tonight.

Washington, April 1.—The Comptroller of the Currency today issued a call for the condition of National Banks at the close of business, March 29th.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Wilmington People Know How to Save It.

Many Wilmington people take their lives in their hands by neglecting the kidneys when they know those organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Wilmington citizen's recommendation.

Mrs. L. F. Rivenbark, 517 S. Third St., Wilmington, N. C., says: "Dull nagging backaches and severe pains in my kidneys caused me considerable amount of suffering. I could not rest well and in the morning when arising felt tired and languid and with no strength or ambition. The kidney secretions were unnatural and deposited a sediment from which symptom I decided that my kidneys were out of order. When I read of Doan's Kidney Pills, I procured a box from Robert R. Bellamy's drug store and they gave me relief almost immediately. Since then the backache has never bothered me and my Kidneys have been normal."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Inc.] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for times actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

STRUCK WITH EASTERN CAROLINA.

Editor Wm. Laurie Hill, of "Our Fatherless Ones", published under the auspices of the Presbyterian Orphanage, at Barium Springs, N. C., recently visited Wilmington and several other localities in North Carolina. He was much impressed with what he observed, and in a long article which he writes for his paper, he says:

"Leaving Wilmington it is about a run of little less than two hours to Chadbourn, which is situated in the very heart of the strawberry section of North Carolina, and is one of the towns with a future, in this part of the State.

"Along the road to Chadbourn are several large lumber plants, and Columbus county still remains a well timbered county, although the saw millers are doing their best to help the farmer in clearing more land.

"In this rich country land is land and will average at least $50 per acre unless it stands knee deep in swamp. A thorough drainage system is contemplated here that will greatly enhance the value of these lands and largely increase production.

"There are not less than 2,000 acres planted in strawberries, and they are coming on with lightning speed these beautiful soft sunshiny days. Many young berries are formed, and the fields are getting white with bloom. Apples, peaches and pears are also abloom, and the orchards look like a flower garden.

"Speaking of strawberries, the shipments from Chadbourn will average 25 cars per day during the season, and from the Chadbourn section from 75 to 100 cars go to the markets of the country every day. Buyers flock here from everywhere, and not less than 50 buyers sojourn here during the shipping season."

Like everybody who gets a glimpse of Eastern North Carolina, Editor Hill had his eyes opened. The progress in this part of the State is remarkable, and around Chadbourn it is especially noteworthy because some years ago when the writer of this visited the Chadbourn section it was a wilderness in which those very $50 an acre lands could have been bought for a few dollars. Newcomers, industry, strawberries and truck-growing have wrought the change and created the values. The wonderful development around Chadbourn simply demonstrates the capabilities and possibilities of tidal North Carolina.

It is intimated that the insurgents at Washington will insurge some more. They can't stand for Uncle Joe, unmindful that Uncle Joe and Republicanism are synonomous in significance. It is Republicanism that made Uncle Joe possible. He has done only what the Republican party, speaking through the majority, wanted him to do. The insurgents will have to quit the Republican party in order to get rid of Uncle Joeism.

The Laurinburg Exchange is keeping step with progressive Laurinburg. That excellent paper is now appearing as a six-column, eight-page paper, and the patronage appears excellent while the paper itself is in every way a credit to Scotland county, one of the very finest in North Carolina.

The Norfolk Virginian-Pilot is authority for the statement that the price of crude rubber has doubled in price in the last twelve months. Crude rubber-necks, however, are the same cheap guys.

An Egyptian editor said of Col. Roosevelt: "He doesn't know what he is talking about, but he means well." There are a whole lot of people not Egyptians who have the same impression about our Teddy.

When Col. Roosevelt goes to Germany he should be careful and not erupt in a way that can't be understood in Dutch.

The umpire and the candidate will soon be getting what is coming to them.

BOOSTING CLUBS IN SOUTHERN CITIES.

Some people wonder why it is they see so much about certain cities and towns and hear so much about what different communities are doing. There is nothing about it to wonder at. The explanation of it is that their boosters are at work. The Southern city or town that is not now engaged in some kind of publicity work is indeed a slow place. The live towns have organizations that talk, advertise and show their towns. They make regular campaigns and the steady growth and increasing importance of Southern cities show that booster work is bringing results. The National Contractor and Builder, published at Washington, D. C., is struck with the character and vigor of publicity work in the South, and speaking of it that live and excellent journal says:

"This is the campaign that now engages the South. Its watchword is "boost". To take a glance at what some of the communities—taken at venture—are doing: Chattanooga has a Get Together Boosters' Club which tours the country in a special train with a baggage car of literature describing its industries and commercial houses. Galveston has a Greater Galveston Publicity Committee composed of three members from each of the ten organization of the city which will extensively advertise that city. The Business Men's Club of Memphis, recently appointed a Publicity Committee of forty to raise a fund of $50,000 to "bring the world to Memphis" by judicious advertising. The Merchants and Manufacturers' Association of Atlanta have been advertising in 12 leading newspapers with very satisfactory results in bringing capital and population to the city. New Orleans has its Progressive Union composed of some 2,000 business and professional men, which is the publicity bureau of the Crescent City. Birmingham has a "500 Club", originating with the Chamber of Commerce, with a capital stock of $500,000 to bring new industries to the city, and, when necessary, help them with money, and a Business Men's League whose slogan is "Bring more trade to Birmingham."

"Texas has its Commercial Secretaries' Association, now in its third year of activity, composed of some 60 commercial clubs organized to give publicity to the resources and opportunities of that wide-extending State and which will spend $50,000 this year to that end. Houston has a Business League whose fundamental principle is that every individual member and citizen shall "Know Houston"; shall be thoroughly informed of the city's manufactures, resources and advantages so that when abroad others shall learn from them. The Business Men's Club of San Antonio in April last established a Publicity League which has been doing extensive newspaper, magazine and pamphlet advertising that brought inquiries from prospective investors and settlers in November to the number of 1,043, 1,084 in December, and 1,236 in January, and has now reached an average of 75 daily. Charlotte has a Greater Charlotte Club that was instrumental during 1909 in bringing a number of enterprises to the city and the Evening Chronicle is vigorously agitating a permanent exposition of Charlotte manufactured goods, which is meeting with popular favor. The Columbia Chamber of Commerce, the Winston-Salem Board of Trade, the Raleigh Board of Trade, and the Roanoke Chamber of Commerce are all taking active measures to make the resources of their towns better known. At a recent meeting the Augusta Chamber of Commerce appointed an Advertising Committee to advertise the city in five leading Northern dailies."

The Washington publication which has been so amazed at the South's publicity work, mentions that even the small towns are engaged in it. For instance, the other day the Ladies' Progressive Union of Covington, a town of less than 2,000 inhabitants, some 40 miles from New Orleans, collected a fund to pay for a half-page advertisement of their town in the Sunday issue of a Chicago paper. Seventy-five young men of San Marco, Texas, organized the "Young Men's Progressive League" for the upbuilding of the city in a social and commercial way. Hendersonville, a small mountain town in North Carolina, is given credit for having appropriated $1,000 to advertise the town, and besides will send an orator on a mission of oral boosting of its industrial and climatic advantages. Rockingham, N. C., joins the ranks of the booster towns, and so the list runs.

When a city does something to attract attention, it gets many a free advertisement. That is demonstrated in the fact that such a widely circulated and influential publication as the National Contractor and Builder makes note of the booster work referred to above, and thus each city named gets a good share in a free puff from the editor himself.

There is a reason why this publicity activity is prevailing throughout the South. It is because the South is today in the world's eye. The South's wonderful industrial, commercial and agricultural progress has attracted attention throughout the world, and it all emphasizes the marvelous and inexhaustible resources of our favored land. It is attracting capital, it is bringing new industries, it is bringing homeseekers, and the trend is Southward. Live communities have simply gone to work to get their share of the drift of new-comers to the finest portion of America. In explanation of the great booster activity now prevalent in the South, the National Contractor and Builder adds:

"In the fertile field and favored region south of the Potomac, so abundantly gifted by bounteous nature with everything utilized by man, there repose opportunities for millions of settlers and the investment of millions of dollars in natural resources, and there is arising throughout the South a friendly rivalry to make their geotic and climatic advantages widely known and the opportunities for commercial enterprise better understood."

Oh, you, Wilmington!

UNCLE SAM'S COOK BOOK.

Uncle Sam is getting things down fine. He has issued a "Cook Book" from the Agricultural Department. However, it appears as "Farmer's Bulletin 391" by which title it can be ordered free of charge. It was prepared by C. F. Langworthy, Ph. D. and Caroline L. Hunt, A. B., experts in nutrition in connection with the experiment stations. The bulletin contains tables of the composition of different kinds and cuts of meats, in water, proteins, fats, etc., and presents a scientific treatise on digestion and the texture and flavor and digestive qualities of different cuts, and on the methods of cooking meats.

One may be inclined to laugh, but if there is one thing that people need instruction upon it is in the matter of cooking. If this is paternalism we must admit that it is a form of it that we can swallow. In all probability Uncle Sam will issue other bulletins telling us how to prepare pastries, vegetables and other dishes and they will not hit a lick amiss. We are for Uncle Sam and his cook book, but if he will tell us how to get meats at living prices we will appreciate it all the more. The book does give instruction in relation to the economical use of meats in the home and no doubt much can be learned from it. At any rate Wilmington householders can order the bulletin and they can follow its recipes or not as they like.

CURRENT COMMENT.

"Consider McNinch," is the heading of an editorial in the Wilmington Star. It is not necessary to consider McNinch until he follows Smith's example of filing a groundless contest for Yates Webb's seat next December.—Raleigh News and Observer.

The Wilmington Star thinks that Mr. S. S. McNinch is as receptive toward the ninth district Republican congressional nomination "as a drummer in dry territory." We don't doubt that the Republican nominators are receptive toward Mr. McNinch, but whether The Star's telepathic apparatus is working right otherwise who can say.—Charlotte Observer.

When Mr. James J. Hill predicts that by next fall or early winter there will be a traffic congestion on the railroads greater than anything heretofore experienced his prediction brings more cheer than the reverse. The territory along the main line of the Southern Railway, with double-tracking work approaching its final stages, can contemplate large traffic increase with few misgivings.—Charlotte Observer.

The Asheville Citizen announces the arrival in its city of Mr. Isaac Landman, secretary of the National Farm school, near Philadelphia. He comes, the Citizen Says, in the interest of a big agricultural movement for this section of the State. It is for the establishment of a Jewish colony of farmers near Tryon on a tract of land given by Mr. Henry Hellman of New York to the National Farm school for colonization purposes. The plan, as outlined by Mr. Landman, includes the division of the 750-acre tract of land into individual farms for graduates of his institution and their families, all of whom come from crowded cities. The first settler has already arrived. He is a graduate of the school and for the last three years has been employed in agricultural work in Louisiana, the State where he grew up. Fifty acres have been allotted to him, part of which he will set out in vineyard and orchard. These individual farms are to be sold to graduates of at least one year's farm school experience. They are to be sold at low price and on favorable terms.

This is a new and important step in the development of agricultural interests in this State and we do not see why it should not be made to succeed. The Jewish people were originally an agricultural and pastoral race. For centuries public prejudice against them in many countries has prevented their becoming land owners. The present is an effort to have them return to the ancient occupation of Israel, when every man might sit under his own vine and fig-tree, with none to molest or make him afraid.—Charlotte Observer.

In commuting the sentence of Baxter Shemwell from five months imprisonment to five days and a fine of $500 Governor Kitchin simply exercised a right that has been delegated to the chief executive by the people of North Carolina. Certain papers and men who are inimical to the Governor will, doubtless, raise a howl.

Governor Kitchin gave this matter a most careful consideration and the evidence was reviewed from every standpoint. With the ability that has characterized his official life as Governor, he was not content to pass snap judgment in any important case like this. Had he been narrow enough and looked at one side, as some would have had him do, closing his eyes to all the lights in the case, quite likely Shemwell would have been compelled to serve the full sentence. But that is not his way of doing business. He studies the matter in hand in a dispassionate manner and forms his conclusions, and when he once forms a conclusion has manhood enough to say what it is. He is not subservient to the wails of any element, but his cool judgment and strength of character place him above the influence of the clammoring, prejudiced attacks of those who can see but one thing.

The crime for which Shemwell was convicted was no heinous one. It occurs frequently and usually receives a small fine. It is true he drew a pistol, but had he been the vicious man that some would have the public believe, thristing for blood, what prevented his shooting? On the other hand he was backed across the car by the conductor, who, by the way, is said to be an ex-cowboy. Yet over this offense such a feeling has been stirred up that many have actually expressed the fear that should Shemwell be pardoned he would be lynched. Things have come to an unfortunate condition in this State when a few prejudiced minds can so enrage a people against a man who has committed a misdemeanor that there are fears of mob violence.

Shemwell should be punished, and will be. The law of North Carolina has not yet made death a penalty for an assault with a deadly weapon. The doctors strongly advise against a five months imprisonment for Shemwell. Yet there are those who would have the Governor make the man serve this sentence, even if it should prove fatal.

Governor Kitchin has exercised the power given him by the people, and has done so in good faith, and we are content.—Raleigh Evening Times.

A Funny Clock.

Burlington News: The Bellevue Mills, of this city, has a clock that has been doing business in the office for a number of years, in fact, it is a part of the office and part of the business, and has become so identified with the working of the mill that it is a fact that when the mill closes down at 6 o'clock it stops. When it starts up in the morning, the clock begins work. Now this may sound a little funny, but it is a fact, and it keeps good time when it is running, but it will not do business after the mill stops, and always begins when the machinery starts. It is supposed that the jar of the machinery has something to do with the working of the clock.

Artesian Well Laurinburg's Latest.

Laurinburg, March 31.—An artesian well is the latest for Laurinburg. Some days ago the Waverly cotton mill authorities began to sink pipe for a pump. A sand rock was struck and much difficulty was encountered in forcing the pipe through it. After it had been driven far into the rock and some seventy feet below the surface of the ground a good stream of water began to pour from the pipe. The pipe is one inch and a quarter in size, although this flows about thirteen hundred gallons an hour. The company now proposes to sink a larger pipe and increase the supply to a quantity sufficient for the mill.

Big Mortgage Filed by A. C. L.

Kenansville News: The largest mortgage ever recorded in Duplin county was put on record in the Register of Deeds' office a few weeks ago. The Atlantic Coast Line Railway gave to the United States Trust Co., of New York, a mortgage for $200,000,000. This means progress for the Coast Line for they have the backing to construct and to buy railroads or other property as an investment. $200,000,000 is a great amount of money to invest. The Coast Line stock has been going up for quite a while and that system is one of the best in the whole country.

Hospital at Goldsboro.

Raleigh News and Observer: Dr. W. W. Falson, the superintendent of the colored State Hospital at Goldsboro, was in Raleigh yesterday. He announced that the annual meeting of the Board of Directors of the hospital would be held in Goldsboro on the 6th of April. There had been created a vacancy in the Board of Directors by the resignation of Dr. T. M. Jordan. To fill the vacancy the Governor yesterday appointed Mr. J. K. Cromartie, of Garland.

Eight Sons in Confederate Army.

Person County Courier: Mr. M. D. Humphries says he may not be able to beat the Burch family on a war record, but he thinks his family makes a pretty good showing. There were eight brothers, sons of John Humphries, in the war, three in the 24th N. C. Regiment, one in the 56th Virginia, but of the other four he does not now remember to what companies they belonged.

Another Chatham Curiosity.

Chatham Record: A short time ago Mrs. Wm. M. Moore, of Cape Fear township, set a hen on 16 eggs and some three weeks later the hen came off her nest with 20 young chicks and none of them were "twins". Who can beat this?

The Rockefeller Commission.

Discussing the Rockefeller commission for the investigation of the hookworm disease in the South, Dr. Walter C. Murphy, formerly of North Carolina, said to the Washington Post Wednesday at The Raleigh.

"There are many pathological processes still unknown to medical men. Disease, like other natural phenomena, is governed by law. Animal and vegetable life exist upon this globe in obedience to the law of climate; zymotic, infectious, and parasitic diseases also. Observers of Southern epidemics of typhoid fever, scarlet fever and diphtheria know that in some outbreaks the mortality is much greater than others. This may be due to the malignancy of the initial germ or meteorological conditions. Terrestrial magnetism, one of the most potent and unknown forces in this universe, may have an influence in the development and spread of disease. The study of zoology and bacteriology is already of much aid to investigators in this field, as geology and topography have benefited the searchers for valuable metals.

"Dr. Stiles, the chief medical officer in this field of Southern investigation, will confer a boon if he can demonstrate that the initial stages of 'hookworm disease,' with anemia and lassitude, begins with the 'ground itch,' a malady common in the South; and that it can be relieved with epsom salts and thymal supplemented with improved sanitation and nutritious food.

"In the commercial development of the South, gratifying to all, there is also an awakening to the importance of sanitation and the prevention of disease. The North Carolina State board of health has selected Dr. John A. Ferrell for this work in the 'Tar Heel' State, and Dr. Stiles will find in him a most capable and industrious assistant."

Truck and Transportation.

(Raleigh News and Observer.)

The first strawberries shipped from North Carolina to the Northern markets went from Wilson from the Westbrooks in the seventies. Later, in order to grow berries earlier, the Westbrooks moved to points further south on the Atlantic Coast Line. The wonderful growth of the strawberry industry in southeastern North Carolina is known of all men.

Eight years ago Moore county shipped a dozen cars of dewberries to Northern markets. This season there will be shipped three hundred car loads of dewberries by Moore county farmers to Northern and Western markets. That shows the way the "God Blessed Macs' and other Moore county folks are moving in this industry in these latter days. It means that the once despised sand hills of Moore are bringing bigger profits to their owners than is made on the richest Iowa lands. The land in Moore and the climatic conditions ripen dewberries at a time between Southern strawberries and Northern grown berries that insures fair prices.

The strawberry industry was retarded and burdened for lack of quick and cheap transportation. It took long agitation to obtain proper service at reasonable rates. The dewberry growers see that they can not succeed without quick transportation. Yesterday a delegation from the association visited Raleigh and held a conference with the Seaboard Air Line officials, asking for a special train from Hamlet to the Potomac yards so the berries would get to market quickly in perfect shape. They also asked for rates to Western and Northern cities that would open new markets to their berries. The Seaboard officials entered heartily into the plans for developing this new industry, gave orders for the train and made rates for shipments to the new markets. This was very gratifying to the delegation from Moore county, and they went home well pleased, and the prompt and cheerful co-operation of the railroad put them in good humor with the transportation company. It is pleasant to see that railroad officials are every year taking more interest in accommodating the public and in advancing their permanent good in readiness to please the people served by the railroads. In old times the Moore delegation would have been made to feel that they were asking something that was very hard to grant and would have been put off with a vague promise to "investigate and report in due course." Yesterday the Seaboard officials seemed as anxious to serve the growers as the growers were to secure quick transportation. This is as it should be, for the railroad gets its business by developing business along the line of road. Such a spirit makes for good feeling as well as increase of receipts and development.

BAR ARRANGES CALENDAR

Civil Cases Set for Trial at the Two Weeks' Term Beginning Monday Week—Plans for State Bar Association Meeting.

At a meeting of the bar of the county in the office of the Clerk of Superior Court yesterday morning the civil actions to be tried at the April term of Superior Court were selected; Herbert McClammy, Esq., was named to deliver the address of welcome to the State Bar Association, which meets at Wrightsville Beach in June, and the chairman, E. S. Martin, Esq., was authorized to appoint a committee of three to make arrangements for the entertainment of those who will attend the convention.

After selecting the cases to be tried, a committee, composed of W. P. Mangum Turner, Joseph W. Little and Geo. L. Peschau, Esqs., was named to arrange the cases for the different days. The case of McClamb vs. the Consolidated Railways, Lights and Power Company is peremptorily set for the first day, April 11th. Among the big damage suit cases are: B. F. Penny against the Atlantic Coast Line, which has been tried several times, and the case of J. A. Burriss against the City of Wilmington in which a mistrial was made twice. The Penny case has been on the docket for a long time. Herbert McClammy, A. J. Marshall, ex-Judge E. K. Bryan, E. S. Martin ,and Messrs. Bellamy & Bellamy, represent the plaintiff, while the defendant is represented by Messrs. Davis & Davis, Messrs. Rountree & Carr and Messrs. John D. Bellamy & Son.

The following are the cases selected for trial during the term:

J. D. McClamb vs. the Consolidated Railways Light and Power Co. (now the Tidewater Power Co.); B. F. Penny vs. Atlantic Coast Line; Rheinstein Dry Goods Co. vs. H. A. Townsend; City of Wilmington vs. Dan Howard et al.; City of Wilmington vs. Alex Mallett, et al.; C. E. Taylor vs. B. C. OLD FRONT STREET WELL.

Mr. Herbert K. Holden Has Interesting Collection of Photographs.

Mr. Herbert K. Holden, the well known merchant at Second and Dock streets, yesterday presented "documentary evidence" that clear up beyond peradventure the mystery concerning the old well recently uncovered near Front and Princess streets. Mr. Holden has an interesting collection of views about Wilmington 25 years ago, one of which is a photograph of Front street looking north from Market street. Under the glass the old well is plainly shown to lead to a pump on the sidewalk nearly in front of where Chestnut & Barentine's shoe store now stands. Mr. Holden is not posing by any means as one of "the oldest inhabitants" but he remembers perfectly well the pump and the views showing the pump on the street are not ancient history either. The wonder is that more of the Front street merchants did not recall when the pump was there in full operation.

DEATH OF MR. GALLOWAY.

Learned of Here With Much Sorrow by Friends and Acquaintances.

Many friends in Wilmington and throughout Brunswick county yesterday read with sorrow the announcement of the death of Mr. J. D. Galloway at his home, near Southport, on Wednesday. Mr. Galloway was an only brother of Mr. W. W. Galloway, of the Brunswick Grocery Co., in this city and was a man of the highest type of citizenship. He died with all the promise of a Christian faith and those whom he left behind are certain that it is well with him. Besides Mr. Galloway, of this city, the deceased leaves also a sister, Mrs. C. C. Swain, residing eight miles from Southport, and two sons, Messrs. H. C. Galloway and J. L. Galloway, of this city. They have the sympathy of many friends in their great sorrow.

COMMITTEE MEETS TODAY

Will Fix the Date of the County Primary to Nominate Candidates and Elect Delegates—First Week in June.

The New Hanover County Democratic Executive Committee, Recorder John J. Furlong chairman, will meet at the Court House at noon today for the purpose of fixing the date of the primary to nominate candidates for the various county offices and elect delegates to the State, Congressional and Judicial conventions, and to transact any other business that may come before the body.

While it is not, of course, known what the executive committee will do, the concensus of opinion seems to be that the primary will be held the first week in June, or thereabouts. The new primary law for New Hanover county provides that all delegates to State, Congressional and Judicial conventions shall be elected by a direct vote of the people. These delegates will be elected at the time the candidates for nomination to the various county offices are voted upon. It was stated last night that this county will have in the State convention 14 delegates; in the Congressional, 42, and the same number in the Judicial convention. The number will come from the different wards and precincts according to the number of Democratic votes cast for Governor at the last election. For example, the first ward will probably be entitled to elect eight of the Congressional delegates, whereas some of the country precincts may be lucky enough to get one, as it was stated last night that at one rural precinct only 13 Democratic votes were cast for Governor in the last election. This, it was stated, would not entitle that precinct to a single delegate. However, this and all other matters will be threshed out by the executive committee today.

Copies of the Democratic plan of organization as revised and adopted by the State Democratic Executive Committee at Raleigh, March 10th, have been received by the county chairman and will be given a careful perusal at the meeting today. It is understood that there are several more or less important changes in the plan of organization.

The members of the committee are: Recorder Furlong, chairman ,elected at large; first ward, Fred T. Skipper, secretary; second ward, M. W. Jacobi; third ward, L. B. Rogers; fourth ward, C. W. Worth; fifth ward, W. W. King; Cape Fear township, W. H. Shearin; Harnett, Gerritt Walker; Masonboro, D. D. George; Federal Point, Melvin Horne.

PLAINTIFF TOOK NON-SUIT.

Trial of Interesting Civil Action Started Before Magistrate.

In Justice Bornemann's court yesterday a non-suit was taken in a very interesting civil action entitled Jane Robinson, colored, against E. A. Chadwick, a merchant, involving some household effects. When the summons was issued it was thought that the value of the articles was under $50, but from the evidence at the hearing yesterday it appeared that the articles were worth about $75, hence the magistrate had no jurisdiction in the matter. It appears that the negress wanted $10 some months ago and she went to Mr. Chadwick and asked him to let her have that amount. The plaintiff claims that she let him have a Singer sewing machine, folding bed, lounge and bureau as security until the amount was paid. The defendant, on the other hand, contends that the articles were sold outright. The plaintiff, it seems, went to Mr. Chadwick a few days ago to redeem the property, and was informed that the articles had been sold. The civil action resulted. After finding out the value of the property, Geo. L. Peschau, Esq., who represented the plaintiff, took a non-suit and may start a new suit in Superior Court. W. P. Gafford, Esq., appeared for the defendant.

STREET COMMISSION.

Another Conference of the Members Held Yesterday Afternoon.

Members of the Street Commission held a conference at 5 o'clock yesterday afternoon in the office of the commission at the City Hall at which plans for beginning the work of improving the streets were discussed. Chairman Louis Belden presided with all the members in attendance as follows: Messrs. George H. Heyer, W. E. Worth, Walter L. Parsley and R. H. Brady. Mr. W. E. Worth was communicated with after the meeting and he said that nothing definite was decided, that the meeting was merely for conference regarding plans for improving the streets. This was one of a number of conferences recently held by the commission. It will probably be some months yet before actual work of improving the streets is commenced.

BENEFIT POSTPONED.

Illness of Member of Cast—Saturday Evening Club Dance.

On account of illness in the family of one of the principals in the cast, it was decided yesterday to postpone the Hospital Benefit announced for this evening at the Academy of Music by the Airlie Dramatic Club. The postponed date for some time next week will probably be announced later.

The dance in the Masonic Temple which had been cancelled by the Saturday Evening Club on account of the performance at the Academy of Music tonight, will now be given tonight as originally announced and members of the club are asked to take note of the fact. Dancing will start at 8:45 and continue until 11 o'clock. The music will be by Kneisel's Academy Orchestra and a large number of young people, including a number of visitors are expected to be in attendance.

POLICE AND FIRE COMMISSION

Regular Monthly Meeting Held Last Night—Repairs to Fire Bells. Courteous Reply to Board of Aldermen—Reports.

The Police and Fire Commission of the city in regular monthly session last night in its office at the City Hall, Chairman Wm. E. Springer presiding and Messrs. James F. Woolvin, R. A. Burnett, W. A. French and Capt. John Barry in attendance, received and passed upon the usual monthly reports of the two departments under their jurisdiction, authorized the chairman to call for bids for the Spring and Summer police and fire uniforms, recommended an appropriation for a new fire alarm bell equipment and a change of the location of the alarm at Fourth street bridge station so the alarm can be heard, addressed a very courteous letter to the Board of Aldermen in reply to strictures recently passed upon the commission for its management of the police force, and transacted other business of a routine and unimportant character.

The Commission was in session less than an hour, the record being kept by City Clerk and Treasurer Fowler and the chiefs of the respective departments being present. After approval of the minutes of the preceding meeting, the reports were taken up. That of Chief Schnibben, of the Fire Department, showed that during March there were nine alarms from the following causes: Explosion and heat from oil stove, 4; defective flue, 1; unknown, 1; sparks from chimney, 2; heat from stove, 1. The total amount of losses will not exceed $12,000. That of Chief of Police Williams shows 161 arrests during March, 54 of the defendants being white and 107 colored. The greatest number of arrests was for drunkenness, 40 whites and 36 blacks, while three whites and 17 blacks were charged with disorderly conduct. Eleven answered to the charge of storebreaking.

Communications were then read and ordered on file, matters in several of them being final, the single exception being the communication from the Board of Aldermen transmitting its action at the last regular meeting, notifying the Commission that unless there was a marked improvement in the enforcement of the law and the management of the police force under its charge that the Aldermen would not allow any appropriation for police at the beginning of the new fiscal year. Without going into the question of the right of the Aldermen to concur or non-concur in its appropriations, upon which the city attorney has already ruled, the clerk was directed to address the following very courteous reply to the Aldermen:

"Board of Aldermen, City of Wilmington, N. C.

"Gentlemen:—In response to your communication of March 8th, I am directed by the Police and Fire Commission of the City of Wilmington, to say with reference to your second complaint that the Commission will be glad at any time to entertain any suggestions which you may desire to submit with reference to the management of either or both of the departments with the organization and maintenance of which we are charged.

"With reference to your first complaint as to the enforcement of the law, we desire to again refer you to our resolution of June 19th, 1909, as follows:

"'Resolved, That inasmuch as there has been some misapprehension on the part of the public as to the respective jurisdiction of the Police and Fire Commission of the City of Wilmington and the Mayor of the city, this Board recognizes fully under the law the sole prerogative of the chief executive of the city to administer and execute the laws of the municipality through the police force as organized and maintained by us, who are subject at any and all times to his directions and orders for the execution of the law.'

"The Commission by unanimous vote desires to supplement this resolution with the assurance to the Mayor and Board that it will be the pleasure of the Commission at any and all times to co-operate fully with the Mayor and sustain him in any and all of his efforts towards the enforcement of the law, as it has always been the purpose of the Commission.

The chairman explained that Mr. C. C. Brown, who has a thorough knowledge of the system, having installed it some 24 years ago, had been called into conference with the superintendent of fire alarm with reference to the alarm bell which has been giving so much trouble lately and that from correspondence with the Gamewell Fire Alarm Co., it was found that the trouble would never be finally remedied until a new operating machine for the bell is installed. Chief Schnibben and several members spoke of their observations and upon motion of Commissioner Woolvin, $500 or so much thereof as is necessary, was appropriated, the Board of Audit and Finance concurring, for the necessary new installation.

After much discussion as to the poor location of the bell in the tower at Fourth street bridge station the chairman appointed a committee composed of Messrs. Woolvin and French to investigate the cost of moving the bell from its present encased position in the brick tower to some point on the tower where it can be heard.

The chairman was authorized to call for bids for furnishing the police and fire departments with Spring and Summer uniforms and at the suggestion of Commissioner Woolvin it was decided to use light serge instead of the heavy flannel as the material. There will be caps for the firemen and light cork helmets for the police. Commissioner Woolvin called attention to the desirability of having the suits made in military style and a requirement that the uniforms should be worn buttoned when the officers are on duty. He thought this not an unreasonable requirement inasmuch as soldiers are required to so appear when on duty.

After discussing generally matters pertaining to the Fire Department in connection with the laying of the new water system, an adjournment was taken subject to call.

BURGLARS ON THEIR ROUNDS

Series of Housebreakings Reported to Police During Past Two Nights. In Central Section of City.

The absence of many families away from their homes, either at the Torrey meetings or elsewhere during the pleasant evenings of the past two nights, has invited a number of petty burglaries that are giving the police much concern and thus far their efforts to round up the miscreants have been without avail.

Following the burglarizing of the residence of Water Commissioner Marcus W. Jacobi, No. 302 North Third street, and an attempted entrance at the residence of Mrs. Kate C. Shaw, No. 211 Wainut street, early Thursday night, ar officer in plain clothes was placed in the north central section of the city where the trouble occurred, last night but even this precaution did not prevent a recurrence of the experience of the night before, the residence of Dr. D. W. Bulluck, 309 North Fourth street, having been ransacked early in the night while at the same time another attempted burglary was reported from 613 Grace street.

Assistant Chief of Police Burnett and Sergeant E. J. Grimsley responded to hurry calls that came in simultaneously at 9:15 o'clock last night from the Grace street residence and also from the home of Dr. Bullock.

At the Grace street residence the officers were told that a noise heard in another part of the house might have been from other causes than a burglar and they hastened to Dr. Bulluck's residence, where it was ascertained that some miscreant had prieu open a back window and gone up stairs, ransacking several of the rooms. While the burglary was in progress Mr. D. Archie Bulluck was aroused by the noise, but thinking it was some member of the household, he called and receiving no response, went to investigate. He reached the head of the stairs just in time to see a negro making out the back way after which the police were notified. It was impossible last night to tell just what had been stolen from the house, but it is hoped that nothing of great value is missing.

The residence of Mr. Jacobi was entered about the same hour Thursday night through a back door that was either left open or was opened by means of a false key. The burglar after ransacking several rooms and taking three coats, some shirts and other articles with a small amount of money, walked unsuspectingly into a room occupied by the nurse who had been left at the house. She screamed and the burglar beat a hasty retreat.

About 9 o'clock a persistent attempt was made to enter the residence of Mrs. Shaw, on Walnut street. Mrs. Shaw was at home and heard some one at the blinds as if intent upon breaking in. She gave the alarm and neighbors later made an investigation, finding that another attempt had been made to enter the rear of the house, several slats from the blinds having been torn off in the attempt. The burglar, however had escaped in the meantime.

UNIVERSITY GLEE CLUB.

Coming to Wilmington Friday Evening, April 8th—Rehearsals.

The revival of interest in music on the old campus of the University of North Carolina has not only added much to the pleasantness of University life, but has also contributed to the making of the best Glee Club and Orchestra that has ever represented Carolina. The other and perhaps the chief factor in the production of their excellency is work.

For weeks it has been work—work—work. Manager Beard has worked and the result is the best schedule ever arranged by a manager of the University Musical Association. Director Woolen has worked and he is rewarded with an abundance of material out of which to choose his men. The men have worked day after day, hour after hour. They have missed ball games and given up social pleasures for the sake of their work and development. Surely work has told and work will tell.

Friday night, April 8th, Wilmington will have a chance to see the result of the revival of musical interest and this tireless work.

Lion Brand Collar Demonstration.

Mr. H. A. Gaynor, collar demonstrator of the Lion Brand Collar, manufactured by the United Shirt & Collar Co., of Troy, N. Y., is at the store of J. W. H. Fuchs till Saturday evening. He is comfortably located in one of the large show windows, showing the new Easy Tie Slide Space Collar, sliding in the tie with all ease after the collar is put around the neck and fastened, and will gladly show how to all collars the Lion Brand collar is one of the oldest in America, and well known by everybody. This collar can not be injured by the laundry, nor can the slide space. This demonstration of collars is the first ever held in this city and is attracting much attention.

Saved From the Grave.

"I had about given up hope, after nearly four years of suffering from a severe lung trouble," writes Mrs. M. L. Dix, of Clarkville, Tenn. "Often the pain in my chest would be almost unbearable and I could not do any work, but Dr. King's New Discovery has made me feel like a new person. Its the best medicine made for the throat and lungs." Obstinate coughs, stubborn colds, hay fever, la grippe, asthma, croup, bronchitis and hemorrhages, hoarseness and whooping cough, yield quickly to this wonderful medicine. Try it. 50c and $1.00. Trial bottles free. Guaranteed by Robert R. Bellamy.

THE RECORDER'S COURT.

Negro Man Sentenced to Three Months on County Roads.

In the Recorder's court yesterday morning John Gray, colored, was arraigned on the charge of assault and battery on Minnie White, colored. It developed from the evidence that Gray was guilty of a graver offense—assault with deadly weapon. Witnesses testified that Gray went into the house of the woman, who was sick, and struck her. The woman ran and he threw a chair at her. He was given three months on the county roads. Willie Taylor, colored, charged with stealing a bicycle, was found not guilty. The case went up from Justice Harriss' court. In the case of Lonnie Eagles, colored, charged with the larceny of $36 from the office of Dr. J. W. Powell, examination was waived and the defendant was bound over to Superior Court, which convenes Monday. Jordan McIver received a sentence of 30 days for drunkenness. Cases against four negro women for disorderly conduct were continued until today at the request of Geo. L. Peschau, Esq., who represents the defendants. At yesterday's session of court the Recorder announced his decision in the case of J. W. Murphy, charged with assault on Mrs. Mamie Jones, finding him not guilty.

PYTHIAN DISTRICT MEETING.

More Than Hundred Wilmingtonians Will Go to Clarkton Thursday.

It was stated that more than a hundred local Pythians will go to Clarkton next Thursday night to attend the district meeting which will be held with the lodge there. As stated some days ago a special train will be run from Wilmington, leaving here at 6:30 P. M. Thursday and returning after the meeting, arriving here about 1 A. M. Friday. Postal cards reading as follows have been sent to members of local lodges:

"Dear Sir and Brother:—You are cordially invited to attend the great Pythian rally and district meeting to be held in Clarkton Thursday night, April 7th. You cannot afford to miss this delightful occasion. The lodge will pay all expenses. Special Pythian train will leave at 6:30 P. M. and return immediately after the meeting. Please send your reply not later than Saturday, April 2nd, so that a ticket will be furnished you. No tickets reserved except for those who send affirmative replies upon attached card. Brother, duty as well as pleasure, urges your attendance."

A great many replies have been received and others are expected today.

NAVAL STORES SEASON ENDS.

Increase in Exports of Rosin and Tar. A Comparative Showing.

Yesterday marked the beginning of the new naval stores year and while the receipts for the season 1910 do not compare very favorably with the previous year, an increase is shown in the exports of tar and rosin. According to figures compiled at the Chamber of Commerce, the exports of these two items were 64,597 barrels against 54,173 barrels of rosin and 30,432 against 29,929 casks of tar.

The receipts show a decrease in every item, but on account of the dull season the falling off is comparatively small. The showing is as follows: Spirits, 9,328 against 11,758; rosin, 55,230 against 68,230; tar, 27,465 against 28,465; crude, 11,662 against 14,598.

The exports, foreign and domestic, for the season compared with 1909, were as follows: Spirits, 9,613 against 11,779; rosin, 64,597 against 541,73; tar, 30,929 against 29,929; crude, 914 against 1,316.

TRUCK MOVING BRISKLY.

Refrigerator Cars for Philadelphia Loaded in East Wilmington.

Although very dry, the past several days of warm sunshine have brought vegetable crops forward very rapidly. In addition to small shipments by express during the past week or ten days, East Wilmington growers yesterday loaded a solid refrigerator car with lettuce, radish and other small truck. This goes forward today to Philadelphia. The market for radishes yesterday was $1.50 per basket while lettuce sales were made all the way from $1.50 to $2.25 per basket. The outlook for the present shipping season is very good indeed with no unfavorable weather conditions.

There will be no night service on account of the Torrey meetings.

FINAL MEN'S NOON MEETING.

Substantial Appreciation of Rev. W. S. Jacoby's Fine Work.

Rev. W. S. Jacoby, in charge of the personal work of the evangelistic meetings, who has been leading a men's Bible study class at the Y. M. C. A. daily from 1:05 to 1:30 P. M. since the second week of the revival, held the last meeting yesterday. The attendance was unusually large, 56 business men being present. This is the first time that Mr. Jacoby has ever conducted a mid-day meeting for the business men, but it proved so successful that he may try it at other places to be visited by the evangelistic workers. At the conclusion of the meeting yesterday Mr. Edwin Kettle, general secreatry of the Y. M. C. A., made a short address in which he conveyed to Mr. Jacoby the thanks of the entire class for his splendid efforts. As a token of the appreciation of the members of the class a parchment, to which was attached the names of all the members, was presented to Mr. Jacoby. In the centre was a large red heart and in the center of the heart was the following from Psalms 119:18: "Thy word have I hid in my heart, that I might not sin against thee." There was also attached 40 new $1 bills as a gift to Mr. Jacoby from the members in further appreciation of his work. This was presented by Mr. B. F. Hall in a very appropriate speech and was feelingly accepted by Mr. Jacoby, after which some one started the familiar song, "Blessed Be the Tie That Binds Our Hearts in Christian Love." Others joined and the class rose. After the notes of the song had died away the gathering was dismissed by prayer by Mr. Jacoby.

LIME FACTORY WAS BURNED.

Plant Owned by Mr. B. F. Keith Near Cronly Damaged by Fire.

Mr. B. F. Keith received a message yesterday from Port Vernon, near Cronly, stating that his lime factory was almost totally destroyed by fire early yesterday morning. The origin of the fire is unknown and the only property not a complete loss is a portion of the machinery, which was only slightly damaged. The factory was valued at between $5,000 and $6,000.

The majority of orders for the season have been filled and Mr. Keith is of the opinion that there will be enough lime left to supply the trade in that section. There were some 15 men employed at the factory and they will be sent to the new sawmill which was recently built by Mr. Keith near Cronly.

The details being only briefly given in the message, Mr. Keith was unable yesterday to give an estimate of the loss, but will visit the place within the next few days.

A COTTON STEAMER TODAY.

British Steamer Winnie Expected From Philadelphia—Stock.

The British steamer Winnie, Capt. Shotten, the first steamer in some time for this port for cargo of cotton for foreign export, is expected from Philadelphia today, having left there on Wednesday for Wilmington.

It is likely that the steamer will carry her cargo to Liverpool. The British steamer Foreric was the last steamer to leave the port with cargo of the staple and since that time some 10,850 bales have accumulated at the compresses of Messrs. Alexander Sprunt & Son. The Winnie is expected to carry about 9,000 bales.

The Winnie is a steamer of 1,532 tons net register and is one of the smallest of the season to come for cotton.

REAL CAPTOR OF EDDY FAY.

Newsboy Claims That He Should Share in Reward of $73,000.

New York, April 1.—A newsboy 19 years old told Mayor Gaynor today that that he was the real captor of Eddie Fay, the cracksman from whose trunks was recovered $73,000 worth of stamps stolen from the postoffice at Richmond. James Coleman is his name and he wants to share in the $17,000 reward offered for Fay's arrest. The newsboy says he sprang on Fay's back, bore him to the ground and held him until officers seized the man.

The boy says he has several witnesses to prove his part in the capture. He had a letter from a business man asking the Mayor to look out for his interest when the reward is made.

In reading store ads most people are looking for definite information about some particular article—hence merchants should quote prices always.

Vagaries of a Cold.—You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. Do not be alarmed nor torment yourself with fears of appendicitis. At the first sign of a cramp take Perry Davis' Painkiller in warm, sweetened water and relief comes at once. There is but one Painkiller, Perry Davis'.

Theatrical.

The Crystal Palace is now in full blast again and for the past several days has been offering one of the best bills it has ever presented. The offering was a little late in starting this week, due to unavoidable circumstances, but whatever time was lost is being made up for in the splendid quality of the bill. It is one of the best offerings for fun and noveity yet made.

Under the latter head comes the Great Gravityo who is being seen in some wonderful feats of juggling and in various other astonishing tricks. His juggling is of most attractive type and surpasses that of the big Japanese acts seen at the Palace earlier in the season.

The comedy of the bill is served up by a clever monologue artist and by the well known fun team of Gries and Mack, who furnish something bright and snappy. Mr. Reilly is also being heard in beautiful illustrated songs.

A Week of Startling Sensations.

This morning seats will go on sale for the commencement Monday night, of the engagement of Norwood and his big company at the Academy, and popular prices will prevail for the engagement.

Tonight Norwood will accomplish accomplish the wonderful achievement of hypnotizing a subject over the long distance telephone. The subject will sit in the large show window of the Wilmington Furniture Company, in the Garrell building, corner of Second and Princess streets, and will be hypnotized by Norwood, who will be at the other end of the 'phone in Raleigh. The subject will remain in this hypnotic state, in the window, all tonight, all today and tomorrow until 8 o'clock when he will be carried to the Academy and there aroused on the stage, in full view of the audience.

There is hardly another in the profession who occupies such an unique position as M. H. Norwood, who is soon to appear here with the "Norwood's Great Sensations." Certainly there is not a man whose ability and success are more widely discussed by the press and public, and whose rise to prominence has been more merited. His established ability and wonderful success in every large city is now on every manager's tongue, and the magazines and papers of today are not up to date without his latest photograph. In his latest success he presents a delightful, finished and highly amusing entertainment that creates continual laughter from start to finish, and our theatregoers are to be congratulated upon having an early opportunity of witnessing "Norwood's Great Sensations."

Biograph Today.

"Taming a Husband," showing how a man's indifference was cured by woman's wit, is the title of the feature that will be shown at the Bijou theatre today. It is a Biograph subject and all the patrons of the Bijou know what that means. The story is interesting and well told by motion picture.

ROOSEVELT AT NAPLES TODAY.

Thousands of American Tourists Gather to Greet Him.

Naples, April 1.—Naples is crowded tonight in anticipation of the arrival from Africa early tomorrow morning of Col. Theodore Roosevelt. Thousands of Americans, who have been traveling in Italy, have swarmed into the city and have been augmented by hundreds of tourists from the big excursion steamships Cincinnati and Grosser Kurfurst, which are swinging idly at anchor in the bay in order to give their charges a chance to be the first of his countrymen to welcome Roosevelt in Europe. Ambassador Leishman and the members of the American embassy staff at Rome reported at Naples tonight.

Although no official reception has been arranged by the Italian authorities in honor of the distinguished guest the mayor of Naples has delegated Alderman Deice to present to him the welcome of the city. Extensive police precautions have been taken and will continue until the steamer Prince Heinrich and Col. Roosevelt leave the city. No fixed programme has been made for the ex-President's stay in Naples. It is probable that he will hold a formal reception at the Excelsior Hotel, where a suite of rooms have been engaged for himself and family and that he will visit the studio of the Sculptor Chiaremonte to inspect a bust of the late Marion Crawford, the novelist, which Mrs. Crawford intends to present to him. Dr. Walter Wever, the German consul here expects to call on Col. Roosevelt to pay his personal respects. Dr. Wever once was the German consul at Chicago, and is personally acquainted with Col. Roosevelt.

Dozens of newspapor correspondents from all the countries of Europe have arrived here. A majority of the writers expect to continue with Col. Roosevelt until he sails for the United States which is evidence of the remarkable interest the press is taking in the American ex-President's tour of Europe.

W. A. CLARK, ESQ., PASSES AWAY

Died Suddenly in Hospital in Washington, N. C., Yesterday at Noon—News Received Here With Deep Sorrow—Funeral.

Relatives and friends in this city and elsewhere throughout this section of the State will learn with infinite sorrow of the death of W. A. Clark, Esq., of Jacksonville, N. C., which occurred in a hospital at Washington, N. C., yesterday at noon of heart trouble. His relatives and friends were totally unprepared for the shock at the announcement of his death for only Thursday a telegram was received from him to the effect that he was getting along nicely.

Mr. Clark was about 30 years old, a son of the late J. W. Clark, of Bladen county. He was an alumnus of the A. & M. College and was Clerk of Superior Court of Bladen county for four years, his term expiring in 1906, when he took up the study of law, obtaining license to practice in February, 1908. He went to Jacksonville and opened a law office as the partner of H. E. Shaw, Esq., of Kinston, and had great success in his chosen profession. He had been in failing health for some time and a short time ago he entered a hospital in Washington for general recuperation. As stated above he wired members of the family Thursday that he was getting along nicely and rapidly regaining his strength. Nothing further was heard until a telegram came late yesterday afternoon announcing his death at the hour stated.

Mr. Clark was a member of the Wilmington Lodge of Elks and the Clarkton lodge, Knights of Pythias. He was a member of the Presbyterian Church, holding his membership at Clarkton. In 1906 he was married to Miss Jessie Lee Suggs, daughter of Col. Isaac Suggs, of Greenville, who with two children survive. Besides his wife and children, he is survived by his mother, Mrs. C. A. Clark, of Clarkton; four brothers, Mr. E. C. Clark, cashier of the Bank of Bladen, Clarkton; Sheriff J. M. Clark, of Bladen county; J. B. Clark, Esq., of Elizabethtown, and Mr. J. H. Clark, of Wilmington, and one sister, Miss Jamie W. Clark, of Clarkton. Mr. J. H. Clark is a traveling man and is out of the city, hence he could not be notified last night of the death of his brother. The deceased was a nephew of Mr. Luther A. Blue, of Wilmington.

J. B. Clark, Esq., and Sheriff Clark arrived on the late train last night and will leave on the 6:30 train this morning for Jacksonville, where they will meet the remains, which will be brought through Wilmington and taken to Clarkton this afternoon. The funeral services will be held at the Brown Marsh Church Sunday morning at 11 o'clock, conducted by Rev. A. McFadyen, of Clarkton, and the interment will be in the burying ground there. The tenderest sympathy of a great many friends goes out to the bereaved.

THE COTTON MARKET.

New York, April 1.—The cotton market after a very nervous and unsettled morning turned weak and closed at a net loss of 10 to 23 points. The opening was steady at a decline of 6 to 12 points in response to lower cables than expected, reports of further rains in Texas and a continuation of yesterday's late selling movement. There was a good demand at the start with strong interests absorbing new crop offerings around the initial figures and during the middle of the day prices rallied to within a point or two of last nights finals on covering by recent sellers and fresh buying. But the near months bulls seemed to be giving May contracts no support on this rally, and in the afternoon the market became very weak under Southern selling, local liquidation and a renewal of bear pressure. Stop loss orders were uncovered on a scale down, and active months sold off to a net loss of about 18 to 24 points which represented a decline of between 54 and 59 points from the high level of Wednesday morning. Thre was some good buying on this break but the close was barely steady and within a point or two of the lowest. Possibly the rather bearish week end promoted some of the selling during the afternoon but it looked as though the chief factors were the reports of temporary relief in the Texas drouth complaints and a revival of the gossip that leading bulls had abandoned the May deal.

Receipts at the ports today were 10,131 bales against 15,849 last week and 9,190 last year. For the week 85,000 bales against 105,139 last week, and 99,958 last year. Today's receipts at New Orleans 1,620 bales against 1,287 last year and at Houston 1,428 bales against 2,574 last year.

Spot cotton closed quiet 15 points decline; middling uplands 14.95; middling gulf 15.20; sales 400 bales.

Futures opened steady and closed barely steady.

WEEKLY COTTON REVIEW.

New York, April 1.—Prices have given way, notably on the new crop months owing to heavy rains in Texas. They are still so high, too; that it is believed a very large acreage will be planted in spite of the ravages in recent years by the boll weevil. American spinners are still fighting the bull deal and Liverpool shorts, it is said, will ship 30,000 bales to New York in the near future. The local stock of certificated cotton has latterly increased about 6,500 bales. Recently it was decreasing an important item every day. The tendency is now the other way. Dry goods reports are more or less gloomy. The outside public holds aloof from the speculation. The weakness in the stock market from time to time has certainly not helped matters.

Farm work at the South is marking rapid progress. The copious rains in Texas, it is believed will do an immense amount of good. The receipts at some of the Southern points of late have been liberal. Runners have been persistent, too, that the bull leaders were quietly selling out the May option and going into July and October. The idea of some is that the bulls have no backering to fire big shipments from Liverpool for delivery on May contracts. Bulls in their turn deny that they have been selling and they predict higher prices later on through the operation of the law of supply and demand. They predict that supplies will be down to a very low point by September 1 and that unless an enormous crop is raised this year the visible supply of American cotton will again be very low on September 1, 1911. Liverpool's spot and calf sales have latterly been large. Bull leaders and large spot here and in Philadelphia have at times been good buyers. The Egyptian crop outlook is said to be less favorable. Prices at Alexandria have recently advanced sharply on certain days. A better inquiry for years is reported at Boston. Spot markets at the South have been pretty generally firm. If American spinners are pessimistic European spinners are optimistic. It is said too, that in most continental countries cotton mills have only about six weeks supply of the raw material. Manchester's reports are cheerful as to increasing trade and the tone of the market.

In fact, roughly speaking, it may be said that while America is bearish Europe is bullish on cotton.

HUBBARD BROS. & CO.'S LETTER.

New York, April 1.—In Liverpool many reports were current that the large long interests were selling out. Although this was promptly denied the rumor credited an uneasy feeling among the trade that the rains yesterday in Texas would check the demand from spinners in Europe. Our cables report a good business doing in Manchester, especially for China account, which caused the sharp rally in Liverpool at the close of their market. After the opening decline our market continued dull until the posting of the spinners takings for the week but this being a broken week they were only 105,000 bales against 241,000 last year. These figures were thought to be very bearish and led to a quick break in the last hour. Of course spinners hold so much less stock but that did not appear. The feeling tonight is that the market will be lower tomorrow.

DUN'S REVIEW OF TRADE.

New York, April 1.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

While the trade development is irregular revealing diversified conditions in different sections of the country, the volume, as a whole, is so large and makes such steady gains over last year, that there can be no question as to its substantial character. Whatever hesitation may have existed in the industries and the markets has been largely eliminated. The labor situation is much less acute, and notices of wage advances by railroads and leading industries promise much for the future.

In the finished branches of iron and steel, predictions are made that shipments in March will exceed the best previous records. New business comes forward in well sustained volume. Export business in the rails has been a feature, however, revent sales for shipment abroad aggregating no less than 70,000 tons.

The jobbers in dry goods are getting good advance orders on Fall lines, but the House trade is seasonably quiet and buying is confined to immediate requirements. Curtailment of production in cotton manufacture is increasing owing to the wide margin between selling prices and costs of production. In worsted circles it is believed that the keen demand for woolens, to the exclusion of worsteds, has dulled trade perceptibly. The yarn markets continue very quiet. A larger movement in Fall lines of heavy staples is reported by some of the New England manufacturers of footwear. The hide markets are less active Leather business continues to improve although trade is not generally active.

THE GRAIN MARKET.

Chicago, April 1.—The Oklahoma report which indicated prospects of a liberal yield of wheat in that state was one of the chief factors contributing to a weak market for wheat today. The May delivery failed to follow the new crop months and closed at a net gain of 1-8 compared with a loss of 1-8 to 1-4 to 3-8 for the more distant futures. Provisions were weak and closed at decline of 5 to 20c. The board will be closed next Tuesday, election day.

The cotton seed oil market was moderately active and prices were easier closing at a net decline of 2 to 10 points under liquidation on the continued rains in Texas and the decline in lard. Total sales were 20,400 barrels. May 7.58 to 7.59; July 7.68 to 7.69; September 7.74 to 7.76; December 6.62 to 6.65. Prime crude 6.74 to 6.80; do summer yellow 7.52 to 7.65; do winter yellow 7.60 to 8.20; do summer white 7.70 to 8.20.

DRY GOODS MARKET.

New York, April 1.—In the cotton goods markets pepperell wide sheetings were advanced 1c to a basis of 26c for 10x4 goods. Pequots wide sheetings have been priced on a basis of 30 cents for 10-4 goods. Business in 4-4 bleached sheetings is better and prices show a hardening tendency. Carpet wools are firmer and domestic wools are easy in this market.

PEANUTS.

(Reported by Rogers, McCabe & Co.)

Spanish—Market steady at $1.30 per bushel. Receipts light.

Virginias—Market quiet, Jumbo 4 1-2 to 5 4c; fancy hand picked 4 to 4 1-4c; machine picked 3 1-4 to 3 3-4c; shelling stock 1 4 to 3c.

THE STOCK MARKET.

New York, April 1.—The professional operators in stocks showed growing discouragement today over the apathy of the public interest in the market. The market had drifted into such a state at noon today, sales for an hour amounting to less than 150,000 shares. No positive expression of speculative sentiment can be looked for in such a market. The factor in the hesitation is the question over a possible decision by the Supreme Court on Monday in the American Tobacco case. The conviction is general that widely divergent results will follow in the stock market from the alternatives of the decision. The approach of such an expected crisis discourages all ventures.

The beginning of the gold outflow to London was another repressive influence. The languid borrowing demand for money it is feared indicates an attitude of hesitation in general business similar to that in the stock market. Receipts of currency on balance from the interior have fallen off this week, probably owing to the desire of interior banks to fortify their reserve showing in expectation of the government call for condition which came today. The subtreasury meantime has taken a considerable sum from the banks during the week. Little attention was paid to the money market in the existing lethargy of the stock market. Speculation is preparing itself for the forthcoming government crop report and the tone of the states reports now being received foreshadows such a marked deterioration in the winter wheat condition. The news of general curtailment in all directions by the cotton mills illustrates a phase of the problem of high prices and the resulting increase in demand.

Bonds were irregular. Total sales, par value, were $2,261,000. United States bonds were unchanged on call. Total sales of stocks today were 244,700 shares.

THE FINANCIAL MARKET.

New York, April 1.—Money on call firm 2 7-8 to 3 1-2 per cent., ruling rate, closing bid and offered at 3. Time loans weak and dull; sixty days 3 3-4 and ninety days 3 7-8 to 4. Six months 4 to 4 1-4.

Prime mercantile paper 4 1-2 to 5 per cent. Sterling exchange steady, actual business in bankers bills at 4.8460 to 50 for sixty day bills and at 4.8770 for demand. Commercial bills 4.83 3-4 to 4.84 1-4. Bar silver 52 1-2. Mexican dollars 44.

ACTIVITY OF MOUNT ETNA.

Directors Say Volcano Contains Considerable Amount of Lava.

Catania, April 1.—Expert opinion concerning the activity of Mount Etna is pessimistic. Frank A. Perret, the assistant director of the Royal Observatory on Mount Vesuvius, thinks that the volcano still contains a considerable quantity of lava, and that a cessation of the eruptions probably would be only temporary. Prof. Ricco, director of the Mount Etna Observatory, has been forced to abandon his post after passing hours of terror there. He said tonight:

"One could not stand the deafening and horrible roar of the volcano for more than one day. It would certainly drive him mad."

A river of lava from the active craters of Mount Etna today invaded Lisi Plain, flowing in the direction of Cisterna and Regina. Borrello does not appear to be in danger. Another stream is advancing slowly toward Mount Nocillo.

ROAD ORDINANCE.

The following ordinance was adopted by the Board of Aldermen at a meeting held March 7th, 1910:

Be it enacted by the Board of Aldermen of the City of Wilmington, North Carolina:

Section 1. That it shall hereafter be unlawful for any person by himself, or driver or agent to violate any one or more of the following rules of the road of the City of Wilmington, North Carolina.

Rule 1. Vehicles shall keep to the right side of the street or road when possible to do so, except when necessary to turn to the left in crossing or in overtaking another vehicle.

Rule 2. Vehicles overtaking others traveling in the same direction shall pass to the left when possible to so do.

Rule 3. Vehicles approaching one another from opposite direction shall pass to the right of one another.

Rule 4. In order that all vehicles on each side of the street shall be headed in the same direction, owners, drivers or agents of vehicles are required to turn if necessary when stopping at the sidewalk so that the sidewalk will be to the right of such driver when such stop is made on all streets between Red Cross and Orange West of the East side of Second and the West side of Front street.

Rule 5. Vehicles moving slowly shall keep as close as possible to the curb on right side of road so as to allow faster moving vehicles free passage to the left.

Rule 6. All vehicles going East and West shall have the right-of-way at street crossings of vehicles going North and South.

Rule 7. Unless in an emergency, or to allow another vehicle or pedestrian to cross its path, no vehicle shall stop in any street or highway except close to the curb line.

Rule 8. Fire Department apparatus, police patrols, hospital ambulance and duly registered physicians shall have the right-of-way through any street and through any procession, except over vehicles carrying United States Mail or funeral processions.

Rule 9. No vehicle except as above described shall be driven through any procession except with permission of a police officer.

Section 2. Any person violating this ordinance, or causing the same to be done, shall on conviction in the Recorder's Court be punished by a fine of Five ($5.00) Dollars.

Section 3. That all ordinances or parts of ordinances in conflict with this ordinance be and same are hereby repealed. This ordinance shall be in force and effect from and after the 1st day of April, 1910.

The City Clerk and Treasurer shall be instructed to have the above ordinance published in one of the Wilmington daily papers for seven days prior to the 1st day of April 1910.

JOHN J. FOWLER,
City Clerk and Treasurer.

HOW TO CURE RHEUMATISM.

It is an Internal Disease and Requires an Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so reguiated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments will not cure, affords only temporary relief at best, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the system, regulates the liver and kidneys and makes you feel well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In Tablet form at 25c and 50c a package. Get a bottle today. Booklet free if you write to Bobbitt Chemical Co. Baltimore, Md.

WOLTER PLEADS NOT GUILTY.

Charged With Revolting Murder of Ruth Wheeler in New York.

New York, April 1.—Albert W. Wolter today pleaded not guilty to an indictment charging him with having murdered 15-year-old Ruth Wheeler, after two motions to throw out the indictment had been made by his counsel, Wallace D. Scott, and denied by Judge Mulqueen. Wolter was remanded to the tombs.

The police today reported that they had traced another girl to Wolter's flat, but are unable to find out what became of her. The detectives give her name as Elsie Schwartz, who is said to have called on Wolter the day before Ruth Wheeler was killed. Judge Mulqueen, in general session this afternoon, fixed the date of the trial of Wolter for Monday, April 18th, before Judge Foster.

WOMEN'S COLLEGE PRESIDENTS.

Meet Next at Greenville, S. C.—Officers Are Elected.

(Special Star Telegram.)

Raleigh, N. C., April 1.—In the closing session of the North and South Carolina Association of Presidents of Women's Colleges, Dr. E. C. James, of Greenville, S. C., was elected president, and Greenville was selected as the next place of meeting. Mrs. Lucy Robertson, of Greensboro, was re-elected secretary. The association adopted resolutions pledging the colleges not to admit tuberculosis students and to require vaccination.

SENATOR BILBO A WITNESS.

Investigation of Alleged Bribery Continued With Him on Stand.

Jackson, Miss., April 1.—The Mississippi Senate delved deep into the affairs of State Senator Theodore Bilbo today. Continuing the investigation of his alleged bribery at the hands of L. C. Dulaney, the Delta planter and former member of the Legislature, his fellow legislators had Bilbo relate first, the circumstances of a visit he is said to have made to a questionable resort in the hope of meeting Dulaney and arranging the preliminaries of the vote sale. This occupied the morning session.

In the afternoon Senator Leftwich acting as cross-examiner, went back to Bilbo's college days and asked if it were not true that he was expelled from a University for cheating at an examination. The charges had been preferred, Bilbo explained, but he was exonerated. The witness admitted that at one time he was charged with the embezzlement of a small amount, but subsequently the charge was withdrawn.

The Senate was in session again tonight and as usual behind locked doors.

THREE INJURED BY AUTO.

Unmanagable Machine Fatally Hurt three Negroes—Arrests Made.

Savannah, Ga., April 1.—While going at a very high speed on the grand price race speed course near Savannah early tonight an automobile in which were Alfred Marshall and Harry Noyes, prominent society men, became unmanagable left the road and struck first a small negro girl, then a grown man and later a negro who were in the inside walk, injuring all three probably fatally. Then after killing two cows the machine turned over, badly injuring Noyes. Noyes was sent to a hospital and Marshall was arrested and is at the police station tonight to remain until the injuries of the three negroes is known. They are all badly hurt and it is expected will die.

The car, which had just been purchased and was being tried out, was wrecked.

SOUTH CAROLINIAN PASSES.

Grane S. Coffin, Prominent Manufacturer, Dies at Enoree.

Spartanburg, S. C., April 1.—Grane S. Coffin, for 23 years president of the Enoree Manufacturing Company, died tonight at 8 o'clock at his home at Enoree, S. C. He was 65 years old and a native of Charleston. The funeral will be held here Sunday and the body taken to Charleston for burial.

Amsterdam, April 1.—Vreeswyk and Galdermans, one of the most important of the firms of brokers on the oil exchange, failed today. Their liabilities are reported to be between $1,250,000 and $2,000,000.

THE WASHINGTON TRAGEDY

(Continued from Page 1)

latter was held in the city jail for an hour or so. The suits are against Mayor J. S. Wynne and Chief of Police J. P. Stell, instead of against the city.

Gov. Kitchin commissions A. C Cromartie, of Garland, N. C., a director for the Eastern Hospital for Colored Insane, Goldsboro, to succeed Dr. T. N. Jordan, who resigned on account of becoming city physician for Raleigh.

The examination papers from the combatant officers of the National Guard, about 200 in all, are about all in now and will be graded very soon under the direction of Adjutant General Armfield. This is the examination on the army text books distributed some time ago including map reading and other matters for the use of the captains, the lieutenants and other lesser officials of the Guard.

Today marked the close of the fiscal year with the State department of insurance necessitating the renewal of the licensing of all the insurance companies and their agents doing business in the State. In this connection there were mailed out licenses today to 11,000 insurance agents in every part of the State, there being that number in the business in this State. This has been the biggest year in the history of the insurance department in this State in the matter of the revenue derived. Commissioner Young will give out a statement within the next few days showing the business for the year.

A call was issued today by the Corporation Commission for all State, private and savings banks in the State to report condition at the close of business March 29th.

JUSTICE McCALL A WITNESS.

Explained to Supt. Hotchkiss at Fire Insurance Inquiry.

New York, April 1.—Justice Edward E. McCall, of the State Supreme Court, explained today his financial transactions with Wm. H. Buckley, legislative agent for the fire insurance companies. After the day's hearing was over because he met Supt. Hotchkiss, of the State insurance department, and gave him a statement which satisfied Mr. Hotchkiss that personal friendship accounted sufficiently for the questionable aspect certain incidents had first seemed to wear.

Earlier in the investigation evidence was found in the books of the Phenix Fire Insurance Company, of Brooklyn, which induced Mr. Hotchkiss to say it looked as if Justice McCall had been a party to an attempt to deceive the insurance department. After reading the justice's explanation this morning, Mr. Hotchkiss said he was satisfied that the juggled books of the Phenix had placed Justice McCall in a false light.

Aside from the statement of Justice McCall the interest of today centered upon Stephen Brown, private banker, promoter and self-styled "devil" of the International Banking & Trust Company, who proved a fluent daring and adroit witness.

Mr. Brown, who called himself a "wood shed lawyer"—that is, a lawyer in knowledge, but with no right to practice—made an attempt to conceal the fact that he and Justice McCall (then a practicing lawyer) had drawn up the bill to incorporate the American Bond & Mortgage Guarantee Company, the parent of the International, in a way designed to conceal from the legislature, Governor Roosevelt and the people through the purpose of the bill. He conceded that heavy charges for "furniture" on the books of the company covered other expenditures not explained, that the company's directors were frankly dummies, some of them named to give the bill "local color", at Albany and that he even owned some of the stock which stood in these directors' names.

ATTELL WINS OVER MORAN.

Had he Better of Ten-Round Bout Yesterday With Englishman.

New York, April 1.—Abe Attell, champion featherweight, had the better of Owen Moran, of England, tonight in a ten round bout before the Fairmont Athletic Club. The men have fought twice to a draw in California and there has been bitter feeling between them.

In the first round Moran poked a stiff right into Attell's left eye but Attell came back strongly and the round was his. The second also went to Attell but Moran out pointed him in the third. Attell retaliated in the fourth, fifth and sixth. In the fifth he drew blood from Moran's nose.

Fighting was hot in the seventh and eighth and in the ninth Moran had his turn at drawing blood with a blow that gashed Attell over the eye. In the final round Moran in a rush went against the rope. As he bounded back he fell against Attell and both men rolled over on the floor. Moran finished strong and was fighting hard at the close.

KILLED BY N. & W. TRAIN.

Wakeville, Va., Man Asleep on Track and Was Cut in Two.

Petersburg, Va., April 1.—Charles Atkins, of Wakefield, Va., was this afternoon cut in two and instantly killed by an extra freight train of the Norfolk & Western Railroad about three miles east of Waverly.

Atkins, who was about 75 years of age, was returning home from this city. He missed train connection and walked the Norfolk and Western tracks. It is presumed he became tired and sat upon the track to rest and fell asleep. The train was running about 35 miles an hour and the engineer said he did not see the man until too late to stop his train.

KING MENELIK NOT DEAD.

Italian Advices Assert That Monarch's Condition is Unchanged.

Paris, April 1.—Although the announcement was made to the world on Wednesday that King Menelik, of Abyssinia, was dead, it now seems possible that the report of the demise of this picturesque ruler is as false as earlier assertions to the same effect. The foreign office today received a dispatch from Foreign Minister Brice dated yesterday, but made no mention of the death of Menelik. Unofficial Italian advices from Abyssinia even go so far as to declare that there has been no change probably in the condition of the monarch of late.

PITTSBURG PEOPLE AROUSED

(Continued From First Page.)

when A. Weil, president of the Voters' League, made a general attack upon the Mayor which received great applause. When he had concluded Mr. Weil, who was also chairman of the meeting, announced:

"The Mayor asks if you will hear a few remarks from him?"

Voices: "Sure, sure." (and applause.)

The Mayor, "There are some men who have no fear. The Mayor of your city is one of them."

A voice: "Impeach him."

Chairman Weil: "Order, order."

Mayor: "If I were guilty of all the newspaper charges made against me I would be abashed; it would be only left for me to resign."

Voices: "Good, good. You're afraid."

Mayor: "I knew when I came here what a crowd I would meet." (hisses and hoots) "Now that won't correct the evils."

Voices: "You won't either."

Mayor: "Maybe I can't."

Voice: "You won't try."

With several pleas for order by Chairman Weil Mayor Magee attempted to explain his acts on many local matters, especially the case of county delinquent Tax Collector Max Leslie, who was recently acquitted of charges of perjury in connection with the graft cases.

Mr. Weil declared that when Leslie was on trial in the criminal court, the mayor gave him aid and counsel. The mayor denied the charge to the accompaniment of more hoots. In the midst of further explanation of traction matters, he floundered with the remark:

"I'd like to speak all night and go into every detail—"

Groans, hoots and hisses stopped the mayor there and he was compelled to desist.

BAXTER SHEMWELL AGAIN

Reported to Have Forced Another Conductor to Stop Train.

Charlotte, N. C., April 1—The Chronicle this afternoon prints the following local story:

Baxter Shemwell gave Governor Kitchin an evidence of gratitude last night when he forced Conductor R. A. Tucker and Dispatcher Clark to stop Southern Railway fast train No. 38 at Lexington, a station not scheduled as a regular stop.

The affair was described by passengers on train No. 38 last night as similar to the one between Shemwell and Conductor Smithers, which resulted in the present plight of Shemwell and the awkward position of Governor Kitchin, except that Shemwell accomplished his purpose last night without the use of weapons, though he is said to have issued commands to stop in a tone that could not have been mistaken.

The story told by passengers and Conductor Tucker upon the arrival of No. 38 last night was that shortly after leaving Charlotte, Conductor Tucker who has just taken charge of the train, came through the car for tickets and that upon receiving Shemwell's ticket he noticed that it was marked to Lexington.

"I am sorry, Mr. Shemwell, but this train does not stop at Lexington. You will have to get off at Salisbury," is the way Conductor Tucker is reported to have stated the matter.

"Yes, it will stop there," Mr. Shemwell is reported to have replied in a threatening tone.

"Under my instructions I cannot stop, but I will ask the dispatcher at Greensboro for instructions in this case,' replied Conductor Tucker.

"You won't ask him anything, and you will stop this train for me at Lexington tonight," is the reply Shemwell is said to have made, while at the same time he jumped up and in a manner that could not be mistaken retreated to the rear of the car.

Asked for Instructions.

Reaching Concord, Conductor Tucker wired Dispatcher Clark here for instructions, stating that Shemwell had demanded that he stop his train at Lexington. In the meatime Shemwell is said to have remained in the rear of the car. Conductor Tucker carefully avoiding approaching him or bringing on trouble though he had the assurance of passengers that any help needed would be forthcoming.

"Run your train on instructions and not Shemwells orders," Dispatcher Clark is reported to have instructed Mr. Tucker.

Conductor Tucker then explained that Shemwell was plainly in a desperate mood and that to refuse to stop for him would mean trouble, though he said he was ready to carry out instructions, regardless of trouble to himself or Shemwell.

Fearing possible trouble and wishing to avert anything in the nature of a possible shooting affair on his train Dispatcher Clark then instructed Conductor Tucker to stop No. 38 at Lexington and let Mr. Shemwell off and these orders were carried out, Shemwell making no further demonstration.

NO AGREEMENT REACHED.

Conferences of Engineer's Committee With Seaboard Broken Off

Norfolk, Va., April 1.—Unable to reach an agreement for re-adjustment of the present working schedule of engineers of the Seaboard Air Line Railway system, the executive committee of re-adjustment representing the Brotherhood of Locomotive Engineers along the Seaboard system, which had been in Portsmouth since March 1st is conferring with railway officials, has broken off all conferences and F. E. Burgess has been called from Cleveland, O., to take the matter up with General Manager Hix, of the Seaboard.

SANDS LOSES TO WATSON

Winner of the Palmetto Golf Tournament—Also Takes Cup.

Aiken, S. C., April 1.—In an exciting match play this afternoon R. C. Watson won the Southern cross cup and the championship in the Palmetto Golf Tournament, defeating Harold Sands 5 and 3. Sands has won the trophy successively for the past six years. For the Aiken cup the consolation, John Sanford defeated Gouveneur Morris, 3 and 2.

GOLF MEET AT PINEHURST.

Travis and Tuckerman Will Contest For Honors Today.

Pinehurst, N. C., April 1.—Walter J. Travis, of Garden City, and W. R. Tuckerman, of Chevy Chase, meet tomorrow in the hole final of the 19th annual North and South Aamateur Golf Championship as a result of today's semi-final round. Both men won easy matches today but in remaining divisions play was keen one pair going to the 20th hole and three to the 19th with four matches decided on both the 17th and 18th greens each.

A summary of today's play in the championship division follows: Championship, semi-final—W. R. Tuckerman, Chevy Chase, beat J. P. Gardner, Midlothian, 3 and 2; W. J. Travis, Garden City, beat Allan Tard, Chevy Chase, 4 and 3.

Consolation, semi-final—Wolcott N. Tuckerman, Chevy Chase, beat W. T. West, Philadelphia, 1 up (19 holes); Henry C. Fownes, Oakmont, beat W. A. Knight, St. Augustine, 2 up.

TODAY.

If you deposit with The People's Savings Bank today, your interest will be credited in Three Months from April 1st. Open tonight from 7 to 9. **
